SEC. 2. Chapter 3 is added to Division 2 of said code, to read :

CHAPTER 3. FARM LABOR CONTRACTORS

1682. As used in this chapter :

(a) "Person" includes any individual, firm, partnership, association, or corporation.

(b) "Farm labor contractor" designates any person who, for a fee, employs workers to render personal services in connection with the production of any farm products to, for, or under the direction of a third person, or who recruits, solicits, induces, or hires workers on behalf of an employer engaged in the growing or producing of farm products, and who, for a fee, provides in connection therewith one or more of the following services: furnishes board, lodging, or transportation for such workers; supervises, times, checks, counts, weighs, or otherwise directs or measures their work; or disperses wage payments to such persons. This chapter shall not apply to any person who performs any of the above services only within the scope of his regular employment by the third person on whose behalf he is so acting, or to a nonprofit corporation or organization which performs the same functions for its members.

(c) "License" means a license issued by the Labor Commissioner to carry on the business, activities, or operations of a farm labor contractor under this chapter.

(d) "Licensee" means a farm labor contractor who holds a valid and unrevoked license under this chapter.

(e) "Fee" shall mean compensation received by a farm labor contractor which in whole or in part varies in relation to the number of such individuals or the amount, quality or duration of the services rendered by such individuals.

1683. No person shall act as a farm labor contractor until a license to do so has been issued to him by the Labor Commissioner, and unless such license is in full force and effect and is in his possession. The Labor Commissioner shall, by regulation, provide a means of issuing duplicate licenses in case of loss of the original license or any other appropriate instances.

1684. The Labor Commissioner shall not issue to any person a license to act as a farm labor contractor until :

(a) such person has executed a written application therefor in a form prescribed by the Labor Commissioner and containing a statement by such person of all facts required by the Labor Commissioner concerning the applicant's character, competency, responsibility, and the manner and method by which he proposes to conduct his operations as a farm labor contractor if such license is issued, subscribed, and sworn to by such person ;

(b) the Labor Commissioner has caused an investigation to be made as to the character, competency, and responsibility of such person ;

(c) such person has deposited with the Labor Commission a surety bond in a penal sum of one thousand dollars (\$1,000). Such bond shall be payable to the people of the State of California and shall be conditioned that said farm labor contractor will comply with all the terms and provisions of this chapter and will pay all damages occasioned to any person by failure so to do, or by any violation of the provisions of this chapter, or false statements or misrepresentations made in the procurement of his license ; and

(d) such person has paid to the Labor Commissioner a license fee of twenty-five dollars (\$25) at the time the license has been issued.

1685. The Labor Commissioner, upon proper notice and hearing, may refuse to grant a license. The proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code and the commissioner shall have all of the powers granted therein.

1686. (1) Every license issued under the provisions of this chapter shall be terminated on March 31st of each year unless sooner revoked

(2) Not more than forty-five (45) days prior to termination of his license, and at any time thereafter, the licensee may apply for a new license to be issued on the same terms and conditions as the original license, but the Labor Commissioner shall not issue a new license to any person whose former license has been revoked within three years or who, while licensed, has violated or failed to comply with any of the provisions of this chapter. The annual renewal license fee shall be twenty-five dollars (\$25).

(3) Each license shall contain, on the face thereof :

(a) the name and address of the licensee and the fact that he is licensed to act as a farm labor contractor for the period upon the face of the license only ;

- (b) the number, date of issuance, and date of expiration of the license;
- (c) the amount of the surety bond deposited by the licensee; and
- (d) the fact that the license may not be transferred or assigned.

(4) The license shall contain on the back thereof the definition of a farm labor contractor, as defined by Section 1682, paragraph 2, of this chapter.

1687. The Labor Commissioner may revoke or suspend any license when it is shown that:

(1) The licensee or any agent of the licensee has violated or failed to comply with any of the provisions of this chapter;

(2) The licensee has made any misrepresentations or false statements in his application for a license;

(3) The conditions under which the license was issued have changed or no longer exist; or

(4) The licensee, or any agent of the licensee, has violated or has wilfully aided or abetted any person in the violation of, or failed to comply with, any law of the State of California regulating the employment of females or minors in agriculture, the payment of wages to farm employees, or the conditions, terms, or places of employment affecting the health and safety of farm employees, which is applicable to the business, activities, or operations of the licensee in his capacity as a farm labor contractor.

1688. Before revoking or suspending any license, the Labor Commissioner shall afford the holder of such license an opportunity to be heard in person or by counsel. The proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the Commissioner shall have all the powers granted therein.

1689. All actions brought in any court against any licensee may be brought in the name of the person damaged upon the bond deposited with the State by the licensee, and may be transferred and assigned as other claims for damages. The amount of damage claimed by plaintiff, and not the penalty named in the bond, determines the jurisdiction of the court in which the action is brought.

1690. When a licensee has departed from the State with intent to defraud creditors or to avoid service of summons in any action brought under this chapter, service shall be made upon the surety as prescribed in the Code of Civil Procedure. A copy of the summons shall be mailed to the licensee at the last known post office address of his residence, as shown by the records of the Labor Commissioner. Service is complete as to such licensee, after mailing, at the expiration of the time prescribed by the Code of Civil Procedure for service of summons in the particular court in which suit is brought.

1691. Every licensee must:

(1) Carry his license with him at all times and exhibit the same to all persons with whom he intends to deal in his capacity as a farm labor contractor prior to so dealing.

(2) File at the United States Post Office serving the address of the licensee, as noted on the face of his license:

(a) A correct forwarding address immediately upon each occasion that said licensee is to be temporarily absent from the address shown on the face of his license for a period of more than seven days; and

(b) A correct change of address immediately upon each occasion said licensee permanently moves his address.

(3) Promptly when due, pay or distribute to the individuals entitled thereto, all moneys or other things of value entrusted to the licensee by any third person for such purpose.

(4) Comply on his part with the terms and provisions of all legal and valid agreements and contracts entered into between licensee in his capacity as a farm labor contractor and third persons.

(5) Take out a policy of insurance with any insurance carrier authorized to do business in the State of California in an amount satisfactory to the commissioner, which insures said licensee against liability for damage to persons or property arising out of the licensee's operation of, or ownership of, any vehicle or vehicles for the transportation of individuals in connection with his business, activities, or operations as a farm labor contractor.

1692. No licensee shall:

(1) Make any misrepresentation or false statement in his application for a license.

(2) Make or cause to be made, to any person, any false, fraudulent, or misleading representation, or publish or circulate or cause to be published or circulated any false, fraudulent, or misleading information concerning the terms or conditions or existence of employment at any place or places, or by any person or persons, or of any individual or individuals.

(3) Do any act in his capacity as a farm labor contractor which constitutes a felony involving moral turpitude, or the effect of which causes any act to be done which constitutes a felony involving moral turpitude under any law of the State of California.

1693. Any person who violates any provisions of this chapter, or who causes or induces another to violate any provisions of this chapter, shall be guilty of a misdemeanor punishable by a fine of not more than five hundred dollars (\$500), or imprisonment in the county jail for not more than six months, or both.

1694. No part of the provisions of Part 6, Chapter 1, of Division 2 of this code shall be applicable to a farm labor contractor, except that the following sections, in the terms thereof now in effect, shall be so applicable, to wit: Sections 1591, 1595, 1630, 1633, 1637, 1638, 1639, 1640, and 1642; and for such purpose, each of said sections, in the terms thereof now in effect, shall be read, applied, administered, and enforced as though expressly made applicable to a farm labor contractor."

1300.1. No person shall act as a processor or agent without having first obtained a license as provided in this chapter. Every person, before acting as a processor, shall file an application with the director for a license to so act, and such application shall be accompanied by a license fee of forty dollars (\$40).

Such applicant shall further satisfy the director of his or its character, responsibility and good faith in seeking to carry on the business stated in the application.

Should the applicant be a corporation or partnership, it shall likewise satisfy the director of the character, responsibility and good faith of any or all persons connected with it in a responsible or managing position, such as manager, superintendent, officer or director of a corporation, or manager, superintendent, or member of a partnership. Failure of any such person to satisfy the director of his character, responsibility, or good faith may be considered by the director as adverse to a showing of such qualifications by such corporation or partnership.

Previous conviction of a felony, previous bankruptcy, voluntary or involuntary, or previous violation of this chapter may be considered by the director as adverse to a showing of such character, responsibility, or good faith on the part of any applicant, or on the part of any manager, superintendent, director or officer of an applicant corporation, or on the part of any superintendent, manager, or member of an applicant partnership. The same considerations are applicable to an individual applicant who has previously been in a responsible or managing position with a corporation or partnership which has suffered revocation or suspension of license by reason of violation of this chapter or by reason of violation of Chapter 6, Division 6, of the Agricultural Code.

Every person before acting as an agent, shall file an application with the director for a license to so act, and such application shall be accompanied by a license fee of two dollars and fifty cents (\$2.50).

Processor: Each application shall state:

(a) The full name of the applicant;

(b) If the applicant be a firm, exchange, association or corporation the full name of each member of the firm, or the names of the officers of the exchange, association or corporation;

(c) The principal business address of the applicant in the State of California;

(d) The name or names of the person or persons authorized to receive and accept service of summons for the applicant.

Upon the filing of such application and the payment of such fee the director shall issue to such applicant a license entitling the applicant to conduct the business of processor within the State of California for a year from the date thereof, or until the same shall have been revoked in the manner and upon the grounds hereinafter specified.

Should any processor fail, refuse or neglect to apply for the renewal of an existing license on or before the date of expiration thereof, a penalty of ten dollars (\$10) shall apply to and be added to the original fee, and shall be paid by the applicant before the renewal license may be issued.

Agent: Each application shall include such information as the director may consider proper or necessary, and shall include the name and address of the applicant, the name and address of the processor represented or sought to be represented by said agent, and the written endorsement or nomination of such processor.

Upon the filing of the application and fee as herein provided, the director shall issue to the applicant a license entitling the applicant to conduct the business described

in the application. The license of an agent shall expire upon the date of expiration of the license of the processor for whom the agent acts, or until revoked in the manner and upon the grounds hereinafter specified, whichever first occurs. The director may issue to each agent a separate license card for each processor represented by the agent. Any agent who displays a void or expired license card is guilty of a misdemeanor. *The director, in his discretion, may require a like showing of character, responsibility, and good faith by any person applying for renewal of a pre-existing license.*"

REQUEST FOR UNANIMOUS CONSENT

Senator Hatfield asked for, and was granted, unanimous consent to have the following Opinion of the Legislative Counsel regarding "Labor Contractors," printed in the Journal:

OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, May 17, 1951

Hon. George J. Hatfield
Senate Chamber

Labor Contractors—No. 8464

DEAR SENATOR HATFIELD: With respect to Senate Bill No. 1214 you have asked the following question:

Question

Insofar as the bill makes a person who contracts for labor with a labor contractor liable for wages for services rendered by individuals pursuant to the contract where the contractor fails to pay those individuals, does the bill change the existing law?

Opinion

In our opinion the answer is in the affirmative.

Analysis

The pertinent provision of the bill reads as follows:

"290. Any person who contracts for labor with a labor contractor as defined in Section 1551, without first ascertaining that such labor contractor has an unexpired labor contractor's license, is liable for wages for services rendered by individuals pursuant to the contract, if the labor contractor does not possess a license and fails to pay the individuals."

The bill thus makes any person who contracts for labor with a labor contractor, as defined, liable for the wages of individuals who render

services pursuant to the contract, irrespective of the nature of the contract or the legal status of the parties thereto, if the contractor has no license and fails to pay the individuals concerned.

"Labor contractor," as defined in Section 1551, means "any person who, for a fee or other compensation, employs an individual to render personal services to, for or under the direction of a third person."

A person who, for a fee, employs an individual to render personal services for a third person may be acting as a principal, as an agent or as a broker. It is impractical to detail all the factual situations which might arise, but the following example is sufficient for the purposes of this opinion.

A (contractor) contracts with B (farmer) to pick the peaches on B's trees. B is to pay A a fixed sum for the job. A is to complete the job in a satisfactory manner and supply the necessary labor, being responsible to B only for the ultimate result to be accomplished.

In the above example A has "employed" individuals, and the individuals employed are to render personal services "to, for or under the direction of" B. A is to receive compensation therefor. Literally construed, the quoted definition of "labor contractor" would include A's activities. If Senate Bill No. 214 were enacted, B would be liable for the wages of the persons who harvested his crop, even though he had already paid A the contract price, if A failed to pay them and was not licensed.

Under existing law, A would be an independent contractor, not the employee or agent of B. The courts have defined an independent contractor as "one who in rendering services, exercises an independent employment or occupation and represents his employer only as to the results of his work and not as to the means whereby it is to be accomplished." (13 Cal. Jur. 1014, note 17, and cases therein cited.)

As an independent contractor, A's employees' rights and obligations would be governed by the terms of their employment agreements with him. A alone would have the right to discharge them, and the obligation to pay the wages agreed upon between himself and the workers. Under existing law B would not be liable for the payment of the wages of A's employees if A failed to pay them.

Whether or not a person is an independent contractor or the agent or employee of another depends on the facts in each particular case. It would be impracticable, if not impossible, to discuss all the various factual situations which might arise. We believe the illustration we have used amply demonstrates the fact that Senate Bill No. 1214, in making persons who contract with labor contractors liable for wages for services rendered by individuals pursuant to the contract, may impose an obligation on a person to pay the wages of persons who are not his employees and between whom and himself no contract of employment, express or implied, exists. Insofar as the bill does this, it changes the existing law.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By A. C. MORRISON, Deputy

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, May 20, 1951

Hon. George J. Hatfield
Senate Chamber

Salaries of Justice Court Judges—No. 8695

DEAR SENATOR HATFIELD: With respect to your recent inquiries on the above subject:

(1) The 1950 amendments to Article VI, Section 11 of the Constitution (Stats. 1949, Res. Ch. 153) expressly authorize the Legislature to provide for the manner in which the compensation of justice court judges shall be fixed, and, consequently, to fix such compensation itself, if it chooses to do so.

(2) The only bill on the subject which we have been able to find is Assembly Bill No. 2722 which, as amended April 16, 1951, would add several sections to the Municipal and Justice Court Act of 1949 (Stats. 1949, Ch. 1510) to specify the *minimum* salaries which boards of supervisors may fix for justice court judges. This bill, if enacted, would permit a board of supervisors to fix the salary of justice court judges within the county, pursuant to Section 36 of the Municipal and Justice Court Act of 1949, but at not less than the salary as computed according to the formula specified in the bill.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By W. E. PRINGLE, Deputy

Amendment No. 1

On page 1 of the printed measure, as amended in Senate April 26, 1951, strike out lines 9 to 23, inclusive; and strike out all of page 2, and insert

"SEC. 19. All property in a redevelopment project established under the Community Redevelopment Law as now existing or hereafter amended, except publicly owned property not subject to taxation by reason of such ownership, shall be taxed in proportion to its value as provided in Section 1 of this article, and such taxes (the word "taxes" as used herein shall include, but without limitation, all levies on an ad valorem basis upon land or real property) shall be levied and collected as other taxes are levied and collected by the respective taxing agencies.

The Legislature may provide that any redevelopment plan may contain a provision that the taxes, if any, so levied upon such taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of said taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of such property by such taxing agency, last equalized prior to the effective date of such ordinance, shall be allocated to and when collected shall be paid into the funds of the respective taxing agencies as taxes by or for said taxing agencies on all other property are paid, (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of such ordinance but to which such territory has been annexed or otherwise included after such effective date, the assessment roll of the county last equalized on the effective date of said ordinance shall be used in determining the assessed valuation of the taxable property in the project on said effective date); and

(b) That portion of said levied taxes each year in excess of such amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by such redevelopment agency to finance or refinance, in whole or in part, such redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in such project as shown by the last equalized assessment roll referred to in paragraph designated (a) hereof, all of the taxes levied and collected upon the taxable property in such redevelopment project shall be paid into the funds of the respective taxing agencies. When said loans, advances, and indebtedness, if any, and interest thereon, have been paid, then all moneys thereafter received from taxes upon the taxable property in such redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

The Legislature may also provide that in any redevelopment plan or in the proceedings for the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded, refunded, assumed or otherwise) by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project, the portion of taxes mentioned in paragraph designated (b) hereof may be irrevocably pledged for the payment of the principal of and interest on said loans, advances, or indebtedness.

All of the provisions of the Community Redevelopment Law, as amended in 1951, which relate to the use or pledge of taxes or portions thereof as herein provided, or which, if effective, would carry out the provisions of this section or any part thereof, are hereby approved, legalized, ratified and validated and made fully and completely effective and operative upon the effective date of this amendment.

The Legislature shall enact such laws as may be necessary to enforce the provisions of this section."

The fees specified above shall be reduced 25 percent for each full quarter of a year elapsing between the first day of the year for which the license is issued and the date on which the application for the license is filed with the board; provided, that where an application clearly indicates that the applicant does not desire to exercise the privileges granted by the license applied for until on or after the beginning of the quarterly period following the quarterly period in which the application is filed with the board, such fees shall be reduced 25 percent for each full quarter of a year elapsing between the first day of the year for which the license is issued and the date so indicated in the application, but in no event shall any license, other than a temporary on-sale beer or wine license, be issued for any period for a fee less than one-half of the annual license fee therefor.

Where the fee for any license is graduated according to the amount of alcoholic beverages produced under the license, the license fee shall be determined solely upon the gallonage produced, even though the license is applied for after the beginning of the year.

On-sale distilled spirits licenses for seasonal business renewed or reissued during the calendar year ending December 31, 1949, shall be issued as on-sale general licenses for seasonal business.

Any reference in this act to on-sale distilled spirits licenses for seasonal business shall be deemed to mean on-sale general licenses for seasonal business.

SEC. 3. Section 6 of said act is amended to read:

Sec. 6. Except as otherwise provided in this act and subject to the provisions of Section 22 of Article XX of the Constitution, the licenses provided for in the preceding section shall authorize the person to whom issued to exercise the following rights and privileges and no others at the premises for which issued during the year for which issued.

(a) Any manufacturer's or wine grower's license authorizes the person to whom issued to become a manufacturer or producer of the alcoholic beverage specified in the license, and whether manufactured or produced by him or any other person, to package, rectify, mix, flavor, color, label and export the same, and to sell only such alcoholic beverages as are packaged by or for him only to persons holding wholesaler's, manufacturer's, wine grower's, manufacturer's agent's or rectifier's licenses authorizing the sale of such alcoholic beverages and to persons who take delivery of such alcoholic beverages within this State for delivery or use without the State, and the dealing in warehouse receipts for the alcoholic beverage specified in the license except that beer manufacturers may also sell beer to any person holding a license authorizing the sale of beer, and wine growers may also sell wine to any person holding a license authorizing the sale of wine, and also to consumers in quantities of 52 gallons or less per sale for consumption off the premises where sold, and brandy manufacturers

may also sell brandy to any person holding a license authorizing the sale of brandy; provided further, that a wine grower's license authorizes the manufacturer of grape brandy to be used exclusively in the production of wine by its holder on the premises for which issued and also the sale of grape brandy to licensed wine growers to be used exclusively in the production of wine; provided further, that as to distilled spirits originally distilled in this State any manufacturer of such distilled spirits so distilled in this State may sell such distilled spirits to any person holding a license authorizing the sale of distilled spirits. A person holding a brandy manufacturer's license is authorized to sell grape brandy, fruit brandy or spirits of wine to licensed wine growers for use by the latter in the production of wine, and the production or manufacturing of alcohol for the United States Government only, and not for beverage purposes.

(b) A still license authorizes the person to whom issued to own or possess the number of stills indicated in the license upon the premises for which issued.

(c) A rectifier's license authorizes the person to whom issued to cut, blend, rectify, mix, flavor and color distilled spirits and wine upon which the excise tax imposed by Section 23 has been paid, and, whether so cut, blended, mixed, flavored or colored by him or any other person, to package, label, export and to sell such products to persons holding licenses issued by the board authorizing the sale of distilled spirits.

On and after July 1, 1941, in order to qualify for a rectifier's license, a person must actually be engaged at the time the license is issued or renewed or within 30 days thereafter, in the bottling of distilled spirits owned by him. Said distilled spirits so owned by him shall comprise at least 50 percent of the total distilled spirits bottled by him.

Provided, however, that nothing in this section shall be construed to prohibit the issuance of a distilled spirits manufacturer's agent's license to any person who is engaged in the bottling of distilled spirits owned solely by other manufacturer's agents, rectifiers, wholesalers or manufacturers.

A rectifier who also performs the functions of a distilled spirits wholesaler shall comply with all the provisions of this act applicable to a holder of a distilled spirits wholesaler's license.

(d) Any importer's license authorizes the person to whom issued to become an importer of alcoholic beverages specified in the license and to export such alcoholic beverages, and to transfer such beverages to himself under another license.

An importer's license shall be issued only to a person or manufacturer who holds a license authorizing the sale for resale of the type or types of alcoholic beverages mentioned in the importer's license.

(e) A bottling or packaging license authorizes the labeling, bottling or packaging of the alcoholic beverages specified in the license.

(f) Any wholesaler's license authorizes the sale of the alcoholic beverage specified in the license only to persons holding licenses issued by the board authorizing the sale of such alcoholic beverage and the exportation of such alcoholic beverages. A beer and wine wholesaler's license also authorizes the labeling, bottling or packaging of wine in accordance with and subject to the rules and regulations now in effect or as may be hereafter adopted by the State Department of Public Health of the State of California. A beer and wine wholesaler's license shall not permit the sale or delivery of wine to consumers in containers supplied, furnished or sold by the consumer.

A wholesaler's license shall not be issued to any on-sale licensee. On and after September 1, 1941, no off-sale general license shall be renewed or issued to a distilled spirits wholesaler whose premises are located in a city or town having a population of 50,000 or more as shown by the 1940 federal census or to a distilled spirits wholesaler who sells distilled spirits to licensees whose premises are located in any city or town having a population of 50,000 or more as shown by the 1940 federal census and a distilled spirits wholesaler's license shall not be held by any person unless such person at all times throughout the year has on his wholesale premises a reasonable stock of distilled spirits as determined by the Board of Equalization for which he has fully paid the United States currency or its equivalent. No wholesale license shall be issued to any other person who does not in good faith actually carry on or intend to carry on a bona fide wholesale business, by sale to retail licensees, of the alcoholic beverage designated in such wholesale license and the board may revoke any such wholesale license where such licensee fails for a period of 45 days actively and in good faith to engage in such wholesale business and shall revoke any distilled spirits wholesaler's license held by any person who fails to comply with other provisions of this section. Sale by a wholesale licensee to himself as a retail licensee shall not be held to be the transaction of a bona fide wholesale business.

(g) A retail package off sale beer and wine license authorizes the sale, to consumers only and not for resale, of beer in packages and in quantities of 31 gallons or less per sale, and the sale of wine in packages and in quantities of 52 gallons or less per sale, for consumption off the premises where sold.

(h) An off-sale general license includes the privileges specified in subdivision (g) of this section and authorizes the sale, to consumers only and not for resale, of distilled spirits in packages of not more than one gallon and in packages containing not less than one-half pint for consumption off the premises where sold; except that

nothing in this act shall be deemed to prevent the sale in packages of less than one-half pint, of bitters or other aromatic or flavoring or medicinal preparations, which are classed for taxing purposes as distilled spirits, by off-sale general licenses.

(i) An industrial alcohol dealer's license authorizes the sale of undenatured ethyl alcohol in packages of more than one gallon for use in the trades, professions or industries and not for beverage consumption.

(j) Any on-sale license authorizes the sale of the alcoholic beverage specified in the license for consumption on the premises where sold. An on-sale general license authorizes the sale of beer, wine and distilled spirits for consumption on the premises where sold. An on-sale general license authorizes the purchase and possession of distilled spirits in packages of not more than one gallon capacity and of not less than one-half pint capacity; except that nothing in this act shall be deemed to prevent the purchase or possession in packages of less than one-half pint capacity of bitters or other aromatic or flavoring or medicinal preparations, which are classed for taxing purposes as distilled spirits, by on-sale licensees. An on-sale general license, with respect to beer and wine, and any on-sale license, with respect to the particular beverage or beverages mentioned in such license also authorizes the exercise of the rights and privileges granted by an off-sale beer and wine license; provided, however, that none of the licensees mentioned in this sentence shall have the right by reason of any such license in this sentence mentioned, to label, bottle or package or refill any package with any alcoholic beverage. On trains and boats, under such licenses, alcoholic beverages may be served only to passengers or employees.

(k) Any manufacturer's, wine grower's, manufacturer's agent's, rectifier's or wholesaler's license authorizes the dealing in warehouse receipts, for the kind of alcoholic beverages which such licensees are authorized to sell, to other licensed manufacturers, wine growers, distilled spirits manufacturer's agents, rectifiers or wholesalers who are authorized to sell the kind of alcoholic beverages covered by the warehouse receipt or to sell warehouse receipts for brandy produced in this State to licensees of other states who are authorized to deal in brandy for the purpose of storage of the brandy covered by said warehouse receipts in internal revenue bonded warehouses in this State for subsequent export to another state; provided, that nothing in this act shall be deemed to prohibit the sale of warehouse receipts for alcoholic beverages by other persons, in accordance with rules and regulations adopted by the board, to manufacturers, wine growers, manufacturer's agents, rectifiers and wholesalers licensed to sell the kind of alcoholic beverages covered by said warehouse receipt when such warehouse receipt was acquired by such person prior to May 1, 1941.

An offer to sell or an agreement to sell distilled spirits which at the time of said offer or agreement are stored in containers larger than one gallon capacity and the ownership of such distilled spirits is represented by a warehouse receipt, shall be deemed a sale of a warehouse receipt.

(l) A public warehouse license authorizes the storage of alcoholic beverages for the account of another licensee, including the storage of such beverages in a United States customs bonded warehouse, a United States internal revenue bonded warehouse and a United States bonded storeroom; provided, however, that as provided in Section 7 hereof no license shall be required for the storage of beer and wine upon which the excise tax levied by this act has been paid, brandy in bulk stored in an internal revenue bonded warehouse, or wine stored in a winery, storeroom, or field warehouse bonded under the internal revenue laws of the United States.

(m) Any manufacturer's, wine grower's, manufacturer's agent's, importer's, rectifier's or wholesaler's license shall also authorize the transfer of title to such alcoholic beverages to other licensed manufacturers, wine growers, manufacturer's agents, importers, rectifiers and wholesalers when such alcoholic beverages are in storage in a licensed public warehouse, United States customs bonded warehouse or United States internal revenue bonded warehouse or United States bonded storerooms located at any place within the State without any additional or other license therefor. Such licenses shall also authorize the sale of alcoholic beverages specified in the license to persons who, under such procedure as shall be established by the board, take delivery of such alcoholic beverages in this State for delivery or use without the State.

(n) A distilled spirits manufacturer's agent's license authorizes the possession of distilled spirits in public or private warehouses, the exportation of distilled spirits, the cutting, blending, mixing, flavoring and coloring of distilled spirits for his own account or for the account of a distilled spirits manufacturer, manufacturer's agent, rectifier or wholesaler and whether so cut, blended, mixed, flavored or colored by him, or any other person, the packaging and the sale or delivery of such distilled spirits only to holders of distilled spirits manufacturer's, rectifier's or distilled spirits wholesaler's licenses.

It shall not be required that a person must actually engage in the cutting, blending or bottling of distilled spirits in order to qualify for a distilled spirits manufacturer's agent's license.

(o) A licensed beer manufacturer or a licensed beer wholesaler, in addition to selling beer at his licensed premises, may sell beer from wagons or trucks operated by such manufacturer or wholesaler to licensees authorized to sell beer; and provided that

a beer manufacturer may sell and deliver beer from branch offices located away from his place of manufacture and exercise all his license privileges thereat and therefrom, other than manufacture, and the board shall upon request issue such beer manufacturer a duplicate of his original license which shall authorize the maintenance and operation of each branch declared and designated by said manufacturer, upon the payment for each such duplicate of an amount equal to the license fee payable for a like period for a wholesale beer and wine license; and provided that in case any violation of any provision of this act or of any regulation of the board shall be committed in the exercise of the license privileges hereby authorized to be exercised at any such branch office, in the event such violation shall become a matter of investigation or hearing or decision by the board with relation to the license of the licensee, the board in making its ruling or decision, where such violation shall be found to be one committed in connection with the operation of said branch office and not a violation in connection with manufacturing or the manufacturing premises, shall not suspend or revoke or interfere with the manufacturer's license privileges or license at his place of manufacture but shall limit the application of its decision, permissible under this act, to and in connection with the particular duplicate license and the premises in the operation of which the violation occurred, and in the case of any violation of any provision of this act or of any regulation of the board committed in connection with the premises where the act of manufacturing beer is performed, the board in making its ruling or decision in connection with any such violation shall limit any such decision, permissible under this act, to and in connection with the license upon the premises of manufacture and to the particular function exercised by the licensee wherein a violation occurred, such as manufacturing, importing, exporting, packaging, labeling, selling to wholesalers or selling to retailers, and any existing duplicate license for any branch office, unless such branch office actually participated in the commission of the violation, shall not be affected or interfered with by such decision or by reason of such violation.

(p) A licensed wine grower or brandy manufacturer in addition to exercising all the privileges of his license at his licensed premises, may exercise all his license privileges at or from branch offices or warehouses, or United States bonded storerooms located away from his place of production or manufacture, other than production or manufacture and the sale or delivery of wine to consumers in containers supplied, furnished or sold by the consumer. The board shall upon request issue such wine grower or brandy manufacturer a duplicate of his original license for a location or locations other than his wine production or brandy manufacture premises. Such duplicate license shall authorize the maintenance and operation of each branch or warehouse or United States bonded storeroom declared and designated by said wine grower or brandy manufacturer at the location for which such duplicate license is issued and shall authorize the exercise of all privileges granted by the original wine grower's or brandy manufacturer's license other than production or manufacture or the sale or delivery of wine to consumers in containers supplied, furnished or sold by the consumer.

The fee for each such duplicate license shall in the case of a wine grower's license be an amount equal to the license fee payable for a like period for a wholesale beer and wine license, and for a duplicate brandy manufacturer's license an amount equal to the fee paid for the original license for each such duplicate; provided, that in case any violation of any provision of this act or of any regulation of the board shall be committed in the exercise of the license privileges hereby authorized to be exercised at any such branch office, in the event such violation shall become a matter of investigation or hearing or decision by the board with relation to the license of the licensee, the board, in making its ruling or decision, where such violation shall be found to be one committed in connection with the operation of said branch office and not a violation in connection with production or the production premises, shall not suspend or revoke or interfere with the wine grower's license privileges or license at his place of production but shall limit the application of its decision, permissible under this act, to and in connection with the particular duplicate license and the premises in the operation of which the violation occurred, and in the case of any violation of any provision of this act or of any regulation of the board committed in connection with the premises where the act of producing wine is performed, the board in making its ruling or decision in connection with any such violation shall limit any such decision permissible under this act, to and in connection with the license upon the premises of production and to the particular function exercised by the licensee wherein a violation occurred, such as production, importing, exporting, packaging, labeling, selling to wholesalers or selling to retailers, and any existing duplicate license for any branch office, unless such branch office actually participated in the commission of the violation, shall not be affected or interfered with by such decisions or by reason of such violation. Notwithstanding any other provisions of this act, a licensed wine grower or brandy manufacturer may be issued and may hold an off-sale general license for the premises for which he holds a wine grower's or brandy manufacturer's license and for any branch office maintained by such wine grower or brandy manufacturer.

(q) Any distilled spirits manufacturer's or brandy manufacturer's license and any rectifier's license authorizes the sale, in conformity with United States internal

revenue laws and regulations, of such distilled spirits, the sale of which is authorized by the license, in packages larger than one gallon for use in the trades, professions or industries and not for beverage use.

(r) Any beer manufacturer, wine grower, brandy manufacturer, rectifier or any wholesaler licensed under this act may in addition to the other privileges exercised under such license and in accordance with rules and regulations prescribed by the board, sell tax-paid alcoholic beverages mentioned in the license of such licensee to nonlicensees having a fixed place of business or residence upon territory within this State which is maintained by the United States Government as a military or naval reservation or national park.

(s) A customs broker's license authorizes the transfer to licensed importers of alcoholic beverages brought into the State in United States internal revenue bond or in United States customs bond and the exportation of such alcoholic beverages. The holder of such a license is authorized to receive delivery of, possess, export, and transfer to licensed importers, such alcoholic beverages as are brought into this State in United States internal revenue bond or customs bond. Such a license also authorizes the possession and exportation of alcoholic beverages acquired from licensed manufacturers or wine growers for export.

(t) A wine rectifier's license authorizes the person to whom issued to cut, blend, rectify, mix, flavor or color wine upon which the excise tax imposed by Section 23 has been paid, and whether so cut, blended, rectified, mixed, flavored or colored by him, or any other person, to package, label, export and to sell such products to persons holding licenses issued by the board authorizing the sale of wine. The holder of a wine rectifier's license shall be entitled to apply for and hold a wine importer's license, a distilled spirits manufacturer's or a distilled spirits manufacturer's agent's license. A wine rectifier's license shall not be issued to or held by the holder of a retail off sale or retail on-sale license. Any wine grower may claim and shall be allowed credit in any tax report filed or assessment made under this act with respect to the excise tax paid by such wine grower on wine sold to a wine rectifier and which has been exported from this State by such wine rectifier or sold for export by such wine rectifier and thereafter actually exported from this State. The board shall make rules and regulations prescribing the procedure for claiming and allowance of such credit.

(u) *A wine broker's license authorizes the person to whom issued to act as a broker in the purchase and sale of wine for a fee or commission for or on behalf of a person, other than a retail licensee, authorized to buy or sell wine within or without the State. A wine broker shall not buy or sell any wine for his own account, or take or deliver title to wine, and shall not receive or store any wine in his own name in this State. A wine broker shall not offer, agree to offer or sell, or offer to buy, agree to buy, agree to offer to buy, or buy any wine unless he shall first have a bona fide authorization therefor from a licensee, other than a retail licensee, authorized to buy or sell wine. The exercise of the privileges granted by the wine broker's license shall be subject to such rules and conditions as the board may deem necessary and proper."*

REQUEST FOR UNANIMOUS CONSENT

Senator Desmond asked for, and was granted, unanimous consent to have the following Opinion of the Legislative Counsel regarding "Authors of Bills" printed in the Journal:

OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO 2, CALIFORNIA, May 18, 1951

Hon. Jess R. Dorsey
Senate Chamber

Authors of Bills—No. 8605

DEAR SENATOR DORSEY: You have asked our opinion whether an amendment to the heading of a bill to add the name of a Member of the Senate as a joint author would constitute the introduction of a bill within the meaning of the provision in Section 2 of Article IV of the Constitution that no more than two bills shall be introduced by any one member after the constitutional recess.

It is our opinion that such an amendment would not constitute the introduction of a bill within the meaning of the constitutional restriction upon introducing bills after the constitutional recess.

Such an amendment does not increase the number of bills pending before the Legislature and does not violate either the letter or the spirit of the constitutional limitation.

The Senate Journal for April 28, 1947, at page 1662, shows an instance of this type of amendment where the name of a member was added as "joint author." In this connection we believe an amendment to the heading to make it read "introduced by Senator Jones; Senator Smith, joint author" should be used rather than one which would make the head read "introduced by Senators Jones and Smith." It avoids any conflict in the records or a statement that is contrary to fact. It also eliminates any question as to whether the bill was introduced by the Senator whose name was added and makes it clearer that the addition of the name is not in violation of the restriction upon introducing bills after the recess.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

RESOLUTIONS

The following resolution was offered :

By Senator Tenney :

Senate Resolution No. 154

Relative to the immediate release of that portion of the Report of the Senate Fact-Finding Committee on Un-American Activities concerning its investigation and findings on Vernon Kilpatrick

WHEREAS, In June or July of 1950, C. A. Anderson, Chief of Police of Beverly Hills, wrote a letter to Speaker Sam L. Collins accusing Assemblyman Vernon Kilpatrick of being a Communist Party member and following the Communist Party line, followed by letters addressed to the chairman of the Senate Fact Finding Committee on Un-American Activities by Speaker Sam L. Collins and Assemblyman Vernon Kilpatrick demanding a hearing and full investigation of Chief Anderson's charges; and

WHEREAS, Vernon Kilpatrick in his letter to the chairman of the Senate Fact-Finding Committee on Un-American Activities demanded that said hearing and investigation be full and complete and that the committee issue its report, findings and conclusions at the earliest possible moment and that said report, findings and conclusions be given the widest possible publication; and

WHEREAS, The said Senate committee did make an investigation and now has pending its full and complete report, findings and conclusions concerning the allegations and accusations of Chief C. A. Anderson of the Beverly Hills Police Department; and

WHEREAS, Said prepared report finds and concludes that although the charge that Vernon Kilpatrick is a communist was not substantiated by the evidence, the committee did find that Vernon Kilpatrick was furthering what Chief Anderson referred to as the Communist Party line, and that the said Vernon Kilpatrick signed a Communist Party petition as a representative of the Communist Party in 1934 designed to secure a place on the California ballot for said Communist Party and has consistently followed the Communist Party line ever since and for a period of over 16 years; and

WHEREAS, The prepared Report of the Senate Fact-Finding Committee on Un-American Activities does show that the said Vernon Kilpatrick has been associated, in one way or another, with innumerable communist-front organizations and has engaged in fund-raising drives for the Communist Party press and particularly the West Coast Communist mouthpiece, the Daily People's World; and

WHEREAS, The said Vernon Kilpatrick is now a candidate for election to the Council of the City of Los Angeles and his supporters caused a resolution to be adopted by the Assembly of the California Legislature congratulating him on his candidacy for the said Los Angeles City Councilmanic post, which resolution the said Vernon Kilpatrick is effectively using as campaign literature and propaganda in the furtherance of his election; and

WHEREAS, The people of the City of Los Angeles financially contribute to and support the Senate Fact Finding Committee on Un-American Activities and have a right to the possession of the reports, findings and conclusions of said committee immediately as requested by Speaker Collins and Vernon Kilpatrick himself; and

WHEREAS, The suppression of the aforesaid and above described Report of the Senate Fact-Finding Committee on Un-American Activities relative to Vernon Kilpatrick until after the city elections in Los Angeles on May 29th will undoubtedly be looked upon with criticism by the people of the City of Los Angeles and properly be evaluated as politics on the part of the Senate, particularly in view of the fact that Assembly Resolution No. 106 was adopted by the Assembly congratulating Kilpatrick on his candidacy as aforesaid and described; now, therefore, be it

Resolved by the Senate of the State of California, That the Senate Fact Finding Committee on Un-American Activities is hereby directed to immediately release to the public that portion of its pending report relative to its investigation, findings and conclusions concerning Vernon Kilpatrick.

Resolution read, and referred to the Committee on Rules.

Senate Resolution No. 155

Relative to Fred Abruzzini and Beringer Brothers

WHEREAS, On Saturday, May 19, 1951, a large number of the Members of the Senate of the State of California journeyed to Beringer Brothers' beautiful estate at St. Helena in Napa Valley, where they were entertained at the historic Beringer Brothers winery and served a bounteous luncheon which included savory barbecued meat done to a delicious turn by the hand of a master chef, accompanied by choice Beringer Brothers wines of an exquisite and exciting bouquet and of such rich body and delicate flavor as to set one to pondering the sad plight of Zeus and his Olympians who had nothing better than nectar and ambrosia to sip; and

WHEREAS, These fine California wines are our heritage from pioneer vineyardists who, recognizing the geography and climate of these semicoastal valleys of Northern California as ideal for viticulture, brought from all of Europe the most choice varieties of dry wine grapes, planting and propagating the vines which now provide the grapes used by our present master vinters to produce these fine wines of such excellence and quality as to be unexcelled throughout the world; and

WHEREAS, The courtesy and hospitality of Beringer Brothers and their superintendent, Mr. Fred Abruzzini, under whose able direction the famous winery is operated and the memorable luncheon was prepared, are deeply appreciated by the Members of this Senate; now, therefore, be it

Resolved by the Senate of the State of California, That the Members of this Senate express to Beringer Brothers and to Mr. Fred Abruzzini their compliments and most cordial thanks and appreciation for the gracious and generous entertainment and luncheon provided for them on this occasion of their visit to the Beringer Brothers winery; and be it further

Resolved, That the Secretary of the Senate is requested to send suitably prepared copies of this resolution to Mr. Fred Abruzzini and to Beringer Brothers at St. Helena, California.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 23, 1951

*To the Senate of the State of California
Sacramento, California*

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to

Senate Bill No. 1429, entitled: "An act to amend Section 395 of and to add Sections 389, 395.01, 395.02, 395.03, 395.04, 395.05, and 395.06 of the Military and Veterans Code, relating to the absence of public officers and employees engaged in ordered military or naval duty, declaring the urgency thereof, to take effect immediately."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Joseph A. Beek, Secretary of the Senate, at 8:10 o'clock p.m. on the twenty-second day of May, 1951, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, MAY 22, 1951

*To the Honorable Members of the Senate
State of California
Sacramento, California*

GREETINGS: I am returning herewith, without my signature

Senate Bill No. 1429, entitled: "An act to amend Section 395 of and to add Sections 389, 395.01, 395.02, 395.03, 395.04, 395.05, and 395.06 to the Military and Veterans Code, relating to the absence of public officers and employees engaged in ordered military or naval duty, declaring the urgency thereof, to take effect immediately."

My objections to this bill are as follows:

Among other provisions, this bill would provide for 30 days pay for any officer or employee of the State, or of any county, city or district within the State, who is inducted, enlists, enters or is otherwise ordered or called into active duty as a member of the armed forces of the United States. Present law limits payment of such 30 days salary to members of the National Guard, Naval Militia, or reserve corps or force in the federal military, naval or marine service.

It is apparent that this is a substantial broadening of the provision relating to payment of public salaries on entry into military service. Because it affects all public employees in the State, it will of necessity involve a great amount of money. From the course which this bill pursued through the Legislature it is apparent that its financial aspects were not given full consideration. I am informed that this measure was not referred to and did not receive consideration by either the Senate Finance Committee or the Assembly Ways and Means Committee. The importance of such consideration is apparent in view of the statement by the Department of Finance that it is impossible to estimate at the present time the amount of money which this provision would eventually cost the State. That department points out that conceivably in the event of a large scale mobilization or universal military training on a large scale, the outlay would be great.

It is very doubtful that many governmental agencies of the State even knew that the bill was pending.

If on the return of this bill the Legislature should consider the financial outlay involved and nevertheless come to the conclusion that this is a desirable financial policy for the State, I will have no objection to approving the bill. I do, however, believe that it is important that the extent of the financial outlay involved should be given careful attention.

I believe that there is a clear ground for distinction on the basis of the present law which provides for such benefits only to those who are members of the National Guard or certain reserve units. It is apparent that it is the policy of the State to encourage membership in such units. The public employees who have given of their time and energy in the training involved in such membership are in a different category than public employees who enter military service directly from civilian life. The state policy has been to encourage members of these units to retain membership despite the inconvenience that might attach to their being called from time to time for periods of temporary training duty. Such considerations do not apply to the extension of benefits contemplated by this bill.

For these reasons I am returning this bill without my approval.

Respectfully submitted,

EARL WARREN, Governor

Sec. 12. The board in any year shall have the power to levy a tax, which shall be in addition to taxes for the payment of and interest on any bonded indebtedness, upon the taxable property in said district. Said tax shall be levied and collected at the same time and in the same manner, together with and not separately from taxes for county purposes, and not to exceed, however, the sum of two cents (\$0.02) on each one hundred dollars (\$100) of the assessed valuation of all property within the district, measured by the county assessment roll last equalized prior to the levying of said tax, to pay the costs and expenses of surveys, [of zoning,] compensation for clerical, engineering, legal, printing and advertising of all resolutions, notices, and other matter required to be printed, posted or published, all costs and expenses of legal actions or proceedings, and also the rental or purchase of real or personal property used in connection with such work and surveys, or any other of its purposes and to repay the county any and all moneys loaned to the district for the purposes herein stated and prior to the receipt of taxes.

SEC. 3. Section 13 of the act cited in the title is repealed.

SEC. 4. Section 14 of the act cited in the title is amended to read:

SEC. 14. The board must estimate and determine the amount of money necessary to be raised to construct or purchase necessary works and acquire the necessary property and rights therefor and otherwise carry out the provisions of this act.

For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, the board shall cause such surveys, examinations, drawings and plans to be made as shall furnish the proper basis for said estimate.

In the estimate of the amount necessary to be raised, the board may include a sum sufficient to pay the interest on the bonds to be issued for a period of three years or less. All such surveys, examinations, drawings, and plans shall be made under the direction of the engineer of the district and shall be certified by him. After receiving such report the board shall determine and declare by resolution whether or not the proposed plan of work is satisfactory and whether or not the project, as set forth in said report, is feasible, and if so, shall make an order determining the amount of bonds that should be issued in order to raise the amount of money necessary therefor, and in determining said amount, sufficient shall be included to cover the cost of inspection of works in course of construction.

[Prior to the calling of the bond election hereinafter referred to, the board shall cause the entire district to be divided into zones, if in its opinion such division is necessary because of varying benefits to the property within the district, together with a statement as to the percentages of the sum to be raised from each of such zones for the

payment of the principal and interest of the bonds of the district. The district may be divided into as many zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district which in the opinion of the board will be benefited in substantially the same manner. Each zone shall be designated on a map or plat of the district filed in the office of the board and such designation shall show the separate boundaries of each zone and a statement of the percentage to be raised from each zone.]

SEC. 5. Section 15 of the act cited in the title is repealed.

SEC. 6. Section 16 of the act cited in the title is amended to read:

Sec. 16. After the adoption of said report and estimate of the amount of money required to be raised [and after the determination of the zones into which the district is divided and the percentages of the sum to be raised for the payment of the principal and interest of the bonds from each of such zones,] the board shall call a special election and submit to the qualified voters of said district [two] the proposition [s] :

[1. Shall the report adopted by the board be ratified?

2.] Shall the district incur a bonded indebtedness for the purpose of providing for the conservation, control and disposition of flood and storm waters of said district and to protect from damage from such storm and flood waters, the waterways, property, public highways, and public places in said district, generating electric energy, and for any other purpose set forth in Section 3 hereof?

The resolution calling the special election shall state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor and shall fix the maximum rate of interest to be paid on said indebtedness which shall not exceed 5 percent per annum, and shall fix the date on which the special election shall be held and the manner of voting [for and against the ratification of the report adopted by the board, and] for and against the incurring of such indebtedness.

For the purpose of said election, the board shall, in its resolution, establish election precincts within the boundaries of said district, and may form election precincts by consolidating the precincts established for general election purposes in said district to a number not exceeding six for each such bond election precinct, and shall designate a polling place and appoint two inspectors, two judges and two clerks for each of such precincts.

In all particulars not recited in such resolution, such election shall be held as nearly as practicable in conformity with the general election laws of the State.

At such election all persons whose names appear on the last great register of County of Sonoma as residing within the district shall be entitled to vote, except as hereinafter otherwise provided.

Such resolution calling such election shall be published once a day for at least seven days, in some newspaper published at least six days a week in said district, or once a week for two weeks in some newspaper published less than six days a week in such district, and one insertion each week for two succeeding weeks shall be a sufficient publication in such newspaper published less than six days a week. No further notice of such election need be given.

Any defect or irregularity in the proceedings prior to the election shall not affect the validity of the bonds.

If at such election, two-thirds or more of the votes are cast in favor of [ratifying the adoption of the report by the board and] the incurring of such bonded indebtedness, then the bonds of said district, for the amounts stated in such proceedings, shall be issued and sold as provided in this act.

SEC. 7. Section 17 of the act cited in the title is amended to read:

Sec. 17. Should the proposition be submitted to the electorate as provided in Section 16 fail to receive the requisite number of votes of the qualified electors voting at such election for the purposes specified, the board shall not for [one year] six months after such election call or order another election in the district for the same purposes.

SEC. 8. Section 18 of the act cited in the title is repealed.

SEC. 9. Section 28 of the act cited in the title is amended to read:

Sec. 28. The board shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy. There may be included in such tax a sum sufficient, in the judgment of the board to take care of anticipated delinquencies, except that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, tax shall be levied and collected annually at the time and in the aforesaid manner, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Such tax shall be levied upon all taxable property within the district excluding any property belonging to any county, municipality, or political subdivision within the district, or property belonging to the State of California or the United States.

[If the district has been divided into zones and the percentage of the amount to be raised for the redemption of principal and interest of said bonds from each such zone has been determined as provided in this act, the said amount of said tax levied shall be divided according to said percentage, and the percentage to be raised from the taxable property within each zone shall be levied upon and against the property in such zone as hereinbefore provided.]

The provisions of law of this State prescribing the time and manner of levying, assessing, equalizing and collecting county property taxes including the sale of property for delinquency, and for redemption from such sale, and the duties of the several county officers with respect thereto, so far as they are applicable, and not in conflict with the specific provisions of this act, are hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

The board shall take the assessment on the equalized roll of the County of Sonoma as the basis for district taxes and have its taxes collected by the county officials of said county. [On or before the first of August the board shall file with the auditor a certified copy of the map or plat showing the zones and the percentage of the amount to be raised from each zone. Thereafter] Each year all assessments shall be made and taxes collected for such district by the county assessor and tax collector, respectively, of said County of Sonoma. The auditor of such county must, on or before the second Monday of August of each year, transmit to the board a statement in writing showing the total value of all property within the district, which value shall be ascertained from the equalized roll of such county for that year. [Said statement shall also show the total value of all property in each of said zones respectively.]

The board shall, on or before the first week day in September, or if such week day falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars (\$100) on the equalized roll, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board [for each zone into which the district may be divided] and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

The amount of compensation to be charged by and paid to the county for the performance of service, as in this section provided, for and on behalf of such district, shall be fixed by agreement between the board of supervisors of the County of Sonoma, and the board, except that such compensation shall not exceed one half percent of all moneys collected for such district as in this act provided. The amount so collected by such county shall be placed to the credit of the county salary fund.

SEC. 10. Section 29 of the act cited in the title is repealed.

SEC. 11. Section 30 of the act cited in the title is amended to read:

SEC. 30. After the first bond election in the district at which bonds shall be authorized by the electors of said district the board shall have power, in any year, to levy a tax upon the taxable property in said district as provided in Section 28 at the time and in the manner set forth therein, to carry out any of the objects or purposes of this act, and to pay the costs and expenses of maintaining, operating, extending and repairing any work or improvement of said district for the ensuing fiscal year. The board shall have power to control and order the expenditures for said purposes of all revenue so derived, except that taxes levied under this section for any one year shall not exceed five cents (\$.05) on each one hundred dollars (\$100) of the assessed valuation of the property in said district as said assessed valuation is shown on the last preceding assessment records for state and county purposes. Such tax shall be in addition to any tax levied to meet the bonded indebtedness of said district and all interest thereon. [If said district has been divided into zones, the taxes to be levied as provided in this section shall be apportioned in accordance with the zones established for the levying and collection of taxes to pay the principal and interest of the bonds of the district.]

Sec. 30.16. Notwithstanding any other provision of this act, no construction of any work or improvements shall be made or assessments levied or bonds issued therefor, under Sections 30.1 to 30.15, inclusive, of this act, without proceedings taken pursuant to the Special Assessment Investigation, Limitation and Majority Protest Act of 1931.

Sec. 28. Section 35 of the act cited in the title is amended to read:

Sec. 35. The area of the district is subject to periodical floods during the rainy seasons precipitated by the waters of the Russian River, which river is an important potential source of water for domestic, industrial and agricultural uses inside and outside the watershed. During the dry season, said river would be without water if it were not for the foreign waters turned into the river. Recognizing this fact, the United States Army Engineers have made studies and recommendations for a proposed plan of improvement for flood control and allied purposes on the Russian River drainage basin located within the area of the district [, and upon such recommendations, it is necessary that the district be zoned in such a manner to determine the varying benefits to property located within the district, of the percentage of costs to be split among the zones created, and that no general law contains provisions for the issuance of bonds and for the purpose of raising funds to assist in such work]. The cost of adequate flood control and water conservation is beyond the means of the property

owners and taxpayers of the district, and it is necessary to negotiate to obtain financial aid from the United States Government. It is recommended by the United States Government and it is desirable to immediately form a political entity to satisfactorily deal with the agency of the United States Government.

Investigation having shown conditions in the County of Sonoma to be peculiar to that county, it is hereby declared that a general law cannot be made applicable thereto and that the enactment of this special law is necessary for the conservation, development, control and use of said waters for the protection of life and property therein and for the public good."

LETTER OF TRANSMITTAL

SPECIAL SENATE COMMITTEE ON LEGISLATIVE REPRESENTATION
SACRAMENTO, CALIFORNIA, May 25, 1951

*Hon. Goodwin J. Knight
President of the Senate
California Legislature*

DEAR SIR: Attached is Progress Report of the Special Senate Committee on Legislative Representation.

It is the committee's request that this report be published in the Senate Journal of this date.

Respectfully submitted,

F. PRESLEY ABSHIRE, Chairman
Special Senate Committee on Legisla-
tive Representation

**PROGRESS REPORT OF THE SPECIAL SENATE COMMITTEE
ON LEGISLATIVE REPRESENTATION****ORDER**

Heretofore, acting agreeably to Section 9909 of the Government Code and the rules of this committee (Senate Journal, March 26, 1951, p. 834 ff.), this committee treated the registration under Section 9906 of the Government Code by the following named persons:

Frank E. Gardner
Ethel Kropf
Elizabeth Murphy
Roberta Johnson

John C. Henderson
Eleanor V. Jackson
George McLain

as applications for Certificates of Registration as Legislative Advocate to be issued under Section 9909 of the Government Code, made its Order, with respect to each of said applications, that said applications and each of them be denied and that the Certificates of Registration as Legislative Advocate be not granted to said named persons.

Said Order was made on April 19, 1951, and the copy thereof was served on each of the applicants by registered mail. Thereafter and within 10 days, agreeably to the said rules of this committee, each of said applicants made written demand for a hearing. Thereafter the hearings upon said applications and demands were fixed for 10 a.m. on Thursday, the twenty-fourth day of May, 1951, in Room 415, State Capitol, Sacramento, California, and on May 18, 1951, written notice thereof was given to said applicants and each of them.

Thereafter said applications came on duly and regularly before the committee to be heard, pursuant to said demands and notices of hearings at the time and place aforesaid.

On said hearings, Frank E. Gardner and Ethel Kropf did not appear in person but appeared through and were represented by their attorney, John L. Brannely, Esq., and through their said attorney withdrew their demands for hearing, and thereupon it was by the committee.

ORDERED, That the demands for hearing of their applications for Certificates of Registration as Legislative Advocate of **Frank E. Gardner** and **Ethel Kropf**, and the said hearings be and the same is each hereby dismissed.

By order of the committee the hearing of the other five applications were consolidated. Thereupon evidence was offered and received on the matter of the applications of **Elizabeth Murphy**, **Roberta Johnson** and **John C. Henderson**, and as to said three named persons the taking of evidence was concluded and the matter was submitted and considered by the committee, and good cause appearing therefor it was

ORDERED, That Certificates of Registration as Legislative Advocate be issued to **Elizabeth Murphy**, **Roberta Johnson** and **John C. Henderson**.

At the beginning of said hearings, **Eleanor V. Jackson** did not appear in person but appeared by and through her attorney, **John L. Brannely, Esq.**, and **George McLain** appeared in person and by his attorney, **John L. Brannely, Esq.** The hearings continued until 11.50 a.m. on Thursday, May 24, 1951, and were then adjourned until 2.30 p.m., when the committee reconvened for further hearing. At said time neither **Eleanor V. Jackson** nor **George McLain** appeared in person, but

there appeared for them their attorney, John L. Brannely, Esq., and it was by him represented to the committee that it was impossible for either Eleanor V. Jackson or George McLain to be present in person, and he requested a continuance of the matter, advising the committee that in all probability neither he nor the two applicants for whom continuances were requested would be able to continue with the hearings prior to the week of June 11, 1951. Mr. Brannely was thereupon advised that if the continuances were granted it might be that it would be impossible to have or conclude further hearings before the adjournment of the Legislature, and that the applicants, and demandants for hearings, would be required to take their chances on that if the continuances were granted, and Mr. Brannely thereupon stated to the committee that he appreciated that. Thereupon, it was

ORDERED, That the hearings on the applications of Eleanor V. Jackson and George McLain, upon their request, be and the same are hereby continued to such time as shall be fixed by the chairman of the committee.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO 14, May 28, 1951

*To the Senate of the State of California
Sacramento, California*

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to

Senate Bill No. 959, entitled: "An act to amend Sections 1101, 1102.2, 1102.3, and 1107 of the Agricultural Code, relating to eggs."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Jack B. Tenney, member of the Senate, at 2.45 o'clock p.m. on the twenty-sixth day of May, 1951, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 26, 1951

*To the Honorable Members of the Senate
State of California
Sacramento, California*

GREETINGS: I am returning herewith without my signature

Senate Bill No. 959, entitled: "An act to amend Sections 1101, 1102.2, 1102.3, and 1107 of the Agricultural Code, relating to eggs."

My objections to this bill are as follows:

This measure relates to egg standards and penalties for violation of such standards. It was sponsored by the California Farm Bureau Federation. Since it has reached my office, I have been informed by the representative of that organization that it is no longer acceptable and that the Farm Bureau Federation wishes to have the bill vetoed. He states that the author of the bill joins in this request.

Accordingly, at the request of the sponsor and the author, I am returning the bill without my approval.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 959 ordered placed on unfinished business file.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO 14, May 28, 1951

*To the Senate of the State of California
Sacramento, California*

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to

Senate Bill No. 409, entitled: "An act to amend Section 29802 of the Government Code, relating to county warrants."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Joseph A. Beek, Secretary of the Senate, at 2.15 p.m. on the twenty-fifth day of May, 1951, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 25, 1951

*To the Honorable Members of the Senate
State of California
Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 409, entitled: "An act to amend Section 29802 of the Government Code, relating to county warrants."

My objections to this bill are as follows:

I am advised by the Attorney General that the term "trust monies" as used in this bill would include funds advanced to the counties for the payment of aid to the aged, aid to the needy blind and aid to needy children. Under the bill the present six

months' limitations on the presentation of warrants given for such aid would in effect be extended for a period of five years. I have discussed this problem with the Department of Social Welfare and with the sponsor of the measure, the Auditor of Sacramento County. They both agree that this was not the intention of the bill and that it would introduce administrative difficulties not contemplated when the bill was originally prepared. This matter has been discussed with the author of the bill and he concurs in the recommendation of its sponsor that it should be returned. For this reason I am returning the bill without my signature.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.
Senate Bill No. 409 ordered placed on unfinished business file.

(b) At any time after two years following the revocation or cancellation of a license or registration under this section, the board may, by majority vote, reissue said license to the person affected, restoring him to, or conferring on him all the rights and privileges granted by his original license or certificate. President of the Senate

DEAR SIR: Attached is Progress Report of the Special Senate Committee on Legislative Representation.

It is the committee's desire that this be printed in today's Senate Journal.

Very truly yours,

F. PRESLEY ABSHIRE, Chairman
Special Senate Committee on
Legislative Representation

**PROGRESS REPORT OF THE SPECIAL SENATE COMMITTEE
ON LEGISLATIVE REPRESENTATION****ORDER**

The applications of Herbert Bisno, Morton Elkins, and Eason Monroe for Certificates of Registration as Legislative Advocate came on duly and regularly for hearing before the committee on May 22, 1951, pursuant to notice duly given to each of the applicants on that behalf. The proceedings were stenographically reported.

The applicants did not appear in person but were represented by David Friedenrich, a member of the State Bar. Senator Hugh M. Burns was sworn and testified in opposition to the applications. Thereupon it was ordered that the hearing be continued until Friday, May 25, 1951, at the hour of 10 a.m., and Mr. Friedenrich was requested to notify the applicants to be present in person at that time.

The applications again came on duly and regularly for hearing before the committee at 10 a.m. on Friday, May 25, 1951. It was made to appear to the committee that the applicants had been notified of the time and place of hearing, and Herbert Bisno and Eason Monroe appeared in person. It was made to appear to the committee and the committee finds

that Morton Elkins was notified of the time and place of the hearing and of the request that he be present, but was not present for reasons of his own convenience. Evidence both oral and documentary was introduced. Herbert Bisno and Eason Monroe, each after stating that he was appearing and testifying voluntarily and waiving any claim of immunity on account of any testimony which he might give and on any matter which might appear from said testimony, were sworn and testified in part, but each, with respect to certain questions put, refused to testify upon the ground that the answer would tend to incriminate him. Thereupon the matters were submitted to the committee for their consideration and upon consideration, and the committee being advised, it is

ORDERED, That the applications for Certificates of Registration as Legislative Advocate of Herbert Bisno, Morton Elkins, and Eason Monroe be and each is hereby denied, and that a Certificate of Registration as Legislative Advocate be not issued to any of said named applicants.

Respectfully submitted,

F. PRESLEY ABSHIRE, Chairman
JAMES J. MCBRIDE, Vice Chairman
BURT W. BUSCH
ROY CUNNINGHAM
FRED WEYBRET

RESOLUTIONS

The following resolutions were offered:

By Senator Tenney:

Senate Resolution No. 159**Relative to the passing of G. A. Richards**

WHEREAS, The Senate and the people of California have sustained irreparable loss in the passing of G. A. Richards in Detroit, Michigan, Sunday, May 27, 1951; and

WHEREAS, G. A. Richards was one of America's outstanding patriots, a staunch defender of the Constitution of the United States, the Bill of Rights, and an uncompromising foe of Communism; and

WHEREAS, The career of G. A. Richards was in the best American tradition exemplifying the opportunities of free enterprise and initiative, having, since his

birth in 1889 in Crete, Illinois, achieved success and renown in the business world, and particularly in the field of radio; and

WHEREAS, G. A. Richards left school at the age of 13 to assist in the support of his mother and sisters and ultimately became an outstanding and successful businessman in Detroit, engaging in the tire and automobile business; and

WHEREAS, G. A. Richards entered the field of radio in 1924 ultimately establishing three of the greatest radio stations in the United States, namely KMPG in Los Angeles, WJR in Detroit, and WGAR in Cleveland; and

WHEREAS, In his fight for freedom of speech, free enterprise and the fullest expression of the provisions of the Constitution and the Bill of Rights, G. A. Richards rendered significant and outstanding public service to the Nation and the State of California, operating his radio stations with the interest of his Country uppermost in mind; and

WHEREAS, Because of more than 27 years of outstanding devotion to the principles of our great republic, G. A. Richards was recognized far and wide as a patriotic civic leader and was the recipient of innumerable high citations and awards from veteran, civic and patriotic organizations; and

WHEREAS, In spite of his sterling accomplishments in the field of Americanism and civic affairs, the legal department of the Federal Communications Commission conducted a three-year hearing to determine whether or not the granting of license renewals to G. A. Richards for the operation of his three great radio stations would be in the public interest, thus subjecting Mr. Richards to monumental expense and great strain on his heart and health; now, therefore, be it

Resolved by the Senate of the State of California, That deep sympathy and condolence is hereby extended to Mrs. Frances Richards, bereaved widow of G. A. Richards, and to his daughter, Mrs. Sibley Moore of Grosse Point Woods, Michigan; and that deep sympathy be and is hereby formally expressed to the family associates and employees of Radio Stations KMPG, Los Angeles; WJR, Detroit, and WGAR, Cleveland, at the loss of this outstanding American, commending the great contribution made by G. A. Richards and his radio stations to their respective cities, states and the entire Nation; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit suitably prepared copies of this resolution to Mrs. Frances Richards, Mrs. Sibley Moore, and Radio Stations KMPG, Los Angeles; WJR, Detroit, Michigan; and WGAR, Cleveland, Ohio; and be it further

Resolved, That when the Legislature adjourns today it do so out of respect to the memory of G. A. Richards.

Resolution read, and on motion of Senator Tenney, adopted.

By Senator Hatfield :

Senate Resolution No. 161

Relative to the organization of the Department of Fish and Game

WHEREAS, The Senate Committee on Fish and Game created by Senate Resolution No. 108 of the 1947 Regular Session recommended that the Fish and Game Commission be established as a policy making body only, that a Chief Administrator of the Division of Fish and Game be created by statute and that the State be divided into five or seven regions and the administration of the fish and game laws be conducted on a regional basis; and

WHEREAS, The first two of these objectives have been accomplished with the approval by the Governor of Senate Bill No. 223 of the current session, which creates the Department of Fish and Game to be administered by a director in conformity with policies to be established by the Fish and Game Commission, and the way has been cleared for the accomplishment of the third objective; and

WHEREAS, The division of the State into geographical regions with each in charge of a regional administrator directly responsible to the director of the department and the handling of all administrative and enforcement matters relating to fish and game on a regional basis so far as practicable would serve to bring the administration of the fish and game laws closer to the people and would make for more efficient enforcement; and

WHEREAS, With the transition of the Division of Fish and Game into a Department of Fish and Game it will be timely that a thorough study of the organization of the department should be made as soon as possible; and

WHEREAS, The establishment of the department on a regional basis would involve a determination of how the State could most suitably be divided which is a matter within the scope of the functions of the administrative analysis staff of the Department of Finance; and

WHEREAS, The key to the successful functioning of the department on a regional basis would be the selection of properly qualified regional administrators and the drafting of the specifications for such positions is a matter within the scope of the functions of the State Personnel Board; and

WHEREAS, The Legislative Auditor and his staff should be able to supply information and advice as to the feasibility and economic soundness of a plan for reorganizing the department; and

WHEREAS, Whatever reorganization there is to be in the newly created Department of Fish and Game should be effected as soon as may be consistent with sound results; now, therefore, be it

Resolved by the Senate of the State of California, That the Director of the Department of Fish and Game is requested to make a study of and prepare a plan for the organization of the department on a regional basis and the Director of Finance, the State Personnel Board and the Legislative Auditor are requested to cooperate with him in connection with such study and plan; and be it further

Resolved, That the Director of the Department of Fish and Game is requested to report such plan to the Legislature at the commencement of its 1952 Regular Session if he finds it possible so to do; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the Director of Finance and to the members of the State Personnel Board and, when he is appointed, to the Director of the Department of Fish and Game.

6. To recommend from time to time such amendments to this chapter, or such other proposals as in their opinion would be conducive to the proper conduct of legislative business without infringing upon the right of all persons to present to the Legislature their views through agents or agencies of their own choosing.

Orange County coast line, containing some 35 miles of coastal frontage, contains two harbors and many piers from which commercial and sport fishing boats operate, the largest of said harbors being Newport Harbor, which, alone, has in excess of 4,000 boats. Most of these boats fish either commercially or for sport fishing. The economic value of these boats, plus the employment they afford are a tremendous asset to the economic well-being of the County of Orange and the State of California.

Many fish which were formerly plentiful in this area have now been seriously depleted, due primarily to purse seining. The spawning season for most species of these fish is between May 1st and September 10th.

6. To have and exercise the right of eminent domain, and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to carry out any of the objects or purposes of this act, whether such property be already devoted to the same use by any district or other public corporation or agency or otherwise, and may condemn any existing works or improvements in said district now used to control flood or storm waters, or to conserve such flood or storm waters or to protect any property in said district from damage from such flood or storm waters.

7. To incur indebtedness, and to issue bonds in the manner herein provided.

7a. In addition to the powers given in the next preceding subsection, to borrow money from the United States of America, any agency or department thereof, or from any nonprofit corporation, organized under the laws of this State, to which the Reconstruction Finance Corporation, a corporation organized and existing under and by virtue of an act of Congress, entitled "Reconstruction Finance Corporation Act," or other agency, or department, of the United States Government, has authorized, or shall hereafter authorize, a loan to enable such nonprofit corporation to lend money to said Los Angeles County Flood Control District, for any flood control work authorized under this act, and to repay the same, in annual installments, over a period of not to exceed twenty (20) years, with interest at a rate of not to exceed four and one-fourth per centum (4½) per annum, payable semiannually, and, without the necessity of an election when authorized by resolution of the board of supervisors, as evidences of such indebtedness, said district is hereby authorized to execute and deliver a note, or a series of notes, or bonds, or other evidences of indebtedness, signed by the chairman of the board of supervisors of said district, which notes, bonds, or other evidences of indebtedness, shall be negotiable instruments if so declared in said resolution of the board of supervisors providing for their issuance, and said notes, bonds, or other evidences of indebtedness, may have interest coupons attached to evidence interest payments, signed by the facsimile signature of said chairman of said board. The board of supervisors shall annually, levy a tax upon the taxable real property of said district, clearly sufficient to pay the interest and installments of principal, as the same shall become due and payable, under any loan made pursuant to the authority of this section, and to create and maintain a reserve fund to assure the prompt payment thereof, as may be provided by said resolution of the board of supervisors; provided, however, that the amount of taxes levied in any year, pursuant to the provisions of this subsection, shall, pro tanto, reduce the authority of the board of supervisors, during any such year, to levy taxes under Section 14 of this act, but this proviso shall not be a limitation upon the power and duty to levy and collect taxes under this subsection.

Notwithstanding anything in this subsection 7a to the contrary, the total amount which said district may borrow under the authority of any or all of the provisions of this subsection is limited to and shall not exceed in the aggregate the sum of four million five hundred thousand dollars (\$4,500,000).

11. To remove, carry away and dispose of any rubbish, trash, debris or other inconvenient matter that may be dislodged, transported, conveyed or carried by means of, through, in, or along the works and structures operated or maintained hereunder and deposited upon the property of said district or elsewhere.

12. To pay premiums on bonds of contractors required under any contract wherein the amount payable to the contractor exceeds five million dollars (\$5,000,000); provided, that the specifications in such cases shall specifically so provide and state that the bidder shall not include in his bids the cost of furnishing the required bonds.

13. To lease, sell or dispose of any property (or any interest therein) whenever in the judgment of said board of supervisors said property, or any interest therein or part thereof, is no longer required for the purposes of said district, or may be leased for any purpose without interfering with the use of the same for the purposes of said district, and to pay any compensation received therefor into the general fund of said district and use the same for the purposes of this act; provided, however, that nothing herein shall authorize the board of supervisors or other governing body of the district or any officer thereof to sell, lease or otherwise dispose of any water, water right, reservoir space or storage capacity or any interest or space therein *except to public agencies for recreational purposes when such use is not inconsistent with the use thereof by the district for flood control and water conservation purposes*; or except as hereinafter provided by Section 17 of this act; provided, however, that said district may grant and convey to the United States of America, or to any federal agency authorized to accept and pay for such land or interests in land, all lands and interests in land, now owned or hereafter acquired, lying within any channel, dam or reservoir site, improved or constructed, in whole or in part, with federal funds, upon payment to the district of sums equivalent to actual expenditures made by it in acquiring the lands and interests in land so conveyed and deemed reasonable by the Secretary of War and the Chief of Engineers.

The said district by or through its board of supervisors, or other board or officers at any time succeeding to the duties or functions of its board of supervisors, is hereby authorized and empowered to warrant and defend the title to all land and interests therein so conveyed to the United States of America or to any such agency and their respective assigns; to covenant and agree to indemnify and keep indemnified and to hold and save harmless and exonerated the United States of America or any such agency, to which such lands or any interest therein are so conveyed by said district, from and against all demands, claims, liabilities, liens, actions, suits, charges, costs, loss, damages, expenses and attorneys' fees of whatsoever kind or nature, resulting from, arising out of or occasioned by any defect or defects whatsoever in the title to any such land or interest in land so conveyed by said district; to reimburse and save harmless and exonerated the United States of America or any such agency for any and all amounts, paid, and expenses incurred, in the compromise or settlement of any demands, claims, liabilities, liens, actions, suits, charges, costs, loss, damages, expenses and attorneys' fees of whatsoever kind or nature, resulting from, arising out of or occasioned by any claim to or defect or defects whatsoever in the title to any such land or interests in land so conveyed by said district; to pay all just compensation, costs and expenses, which may be incurred in any condemnation proceeding deemed necessary by the United States of America or such agency, in order to perfect title to any such land or interests in land, including without limitation all attorneys' fees, court costs and fees, costs of abstracts and other evidences of title, and all other costs, expenses or damages incurred or suffered by the United States of America or such agency; and consent is hereby given to the bringing of suit or other legal proceedings against said district by the United States of America or such agency, as the case may be, in the proper district court of the United States, upon any cause of action arising out of any conveyance, contract or covenant made or entered into by said district pursuant to the authority granted in this act, or to enforce any claims, damages, loss or expenses arising out of or resulting from any defect whatsoever in the title to such land or any interest therein or any claims of others in or to such land or interest therein.

The sheriff, constable, or marshal, to whom the writ is directed and delivered, must, upon receipt of instructions in writing, signed by the plaintiff or his attorney of record, and containing a description of the property, and in the case of real property or growing crops the name of the record owner of the real property to be attached, or upon which the crops are growing, and a statement as to whether or not the real property is registered under the Land Title Law, an initiative act adopted by election November 3, 1914, execute the same without delay, and if the undertaking mentioned in Section 540 of this code be not given, as follows:

1. Real property, standing upon the records of the county in the name of the defendant, must be attached, by recording with the recorder of the county a copy of the writ, together with a description of the property attached, and a notice that it is attached, and by serving an occupant of the property, if there is one upon the property at the time service is attempted, with a similar copy of the writ, description and notice, or if there is no occupant then on the property, then, by posting the same in a conspicuous place on the property attached. Service upon the occupant may be made by leaving said copy of the writ, description and notice with the occupant personally, or, in his absence with any person of suitable age and discretion, found upon the property at the time service thereof is attempted and who is either an employee or agent of such occupant or a member of his family or household. Where the property described in the notice consists of more than one distinct lot, parcel or governmental subdivision and any of such lots, parcels or governmental subdivisions lie with relation to any of the others so as to form one or more continuous, unbroken tracts, one service or posting, need be made as to each such continuous, unbroken tract.

1a. Growing crops (which, until severed, shall be deemed personal property not capable of manual delivery), growing upon real property standing upon the records of the county in the name of the defendant, must be attached by recording with the recorder of the county a copy of the writ, together with a description of the growing crops to be attached, and of the real property upon which the same are growing, and a notice that such growing crops are attached in pursuance of the writ, and by serving an occupant of the real property, if there is one upon the real property at the time service is attempted, with a similar copy of the writ, description and notice, or if there is no occupant then on the real property, then, by posting the same in a conspicuous place on the real property. Service upon the occupant may be made by leaving said copy of the writ, description and notice with the occupant personally, or, in his absence, with any person, of suitable age and discretion, found upon the real property at the time service thereof is attempted and who is either an employee or agent of such occupant or a member of his family or household. Where the real property described in the notice consists of more than one distinct lot, parcel or governmental subdivision, and any of such lots, parcels or governmental subdivisions lie with relation to any of the others so as to form one or more continuous unbroken tracts, one service or posting need be made as to each such continuous unbroken tract.

Whenever growing crops have been attached under the provisions of this subdivision, which will greatly deteriorate in value, unless properly cultivated, cared for, harvested, packed or sold, the court issuing such writ, upon application of the person in whose favor the writ runs, and after due notice to the owner of said property, may direct the sheriff to take possession of said property and to cultivate, care for and preserve the same and, when necessary, harvest, pack and sell such property. Any sale of such property shall be made in the same manner that property is sold on execution and the proceeds must be retained by the sheriff to be applied to the satisfaction of any judgment which may be recovered in the action in which said writ is issued. The court shall order said applicant to pay such expenses in advance if the court may deem it proper, or may direct that the whole or any part of such expenses be paid from the proceeds of any sale of such property.

2. Real property, or any interest therein, belonging to the defendant, and held by any other person, or standing on the records of the county in the name of any other person, must be attached in the same manner as is real property standing upon the records of the county in the name of the defendant by the provisions of subdivision 1 of this section and the notice of attachment shall state that the real property therein described, and any interest of the defendant therein held by or standing on the records of the county in the name of such other person (naming him), are attached. In addition, a similar copy of the writ, description and notice shall be delivered to such other person, or his agent, if known and within the county, or left at the residence of either, if within the county. The recorder must index such attachment when recorded, in the names, both of the defendant and of the person by whom the property is held or in whose name it stands of record.

2a. Growing crops (which, until severance, shall be deemed personal property not capable of manual delivery), or any interest therein, belonging to the defendant, and growing upon real property held by any other person or standing upon the records of the county in the name of any other person, must be attached in the same manner as growing crops growing upon real property standing upon the records of the county in the name of the defendant are attached by the provisions of subdivision 1a of this section, and the notice of attachment shall state that the crops therein described or any interest of the defendant therein, held by, or standing upon the records of the county in the name of, such other person (naming him), are attached in pursuance of the writ. In addition, a similar copy of the writ, description and notice shall be delivered to such other person, or his agent, if known and within the county, or left at the residence of either, if known and within the county. The recorder must index such attachment when recorded, in the names of both the defendant and of the person by whom the real property is held, or in whose name it stands on the record.

Whenever growing crops have been attached under the provisions of this subdivision, which will greatly deteriorate in value unless properly cultivated, cared for, harvested, packed or sold, the court issuing such writ, upon application of the person in whose favor the writ runs, and with or without notice as the court directs to the owner of said property, may direct the sheriff to take possession of said property and to cultivate, care for and preserve the same and, when necessary, harvest, pack and sell such property. Any sale of such property shall be made in the same manner that property is sold under execution and the proceeds must be retained by the sheriff to be applied to the satisfaction of any judgment which may be recovered in the action in which said writ is issued. The court shall order said applicant to pay such expenses in advance if the court may deem it proper, or may direct that the whole or any part of such expenses be paid from the proceeds of any sale of such property.

3. Personal property, capable of manual delivery, in the possession of the defendant, must be attached by taking it into custody.

4. Stocks or shares, or interest in stocks or shares, of any corporation or company, must be attached by leaving with the president, vice president or other head of the same, or the secretary, assistant secretary, cashier, assistant cashier, or any managing agent, thereof, a copy of the writ, and a notice stating that the stock or interest of the defendant is attached, in pursuance of such writ.

5. In cases where the sheriff, constable, or marshal is instructed to take into possession personal property capable of manual delivery, whether the same is to be placed in a warehouse or in custody of a keeper, the sheriff, constable or marshal shall require, as a prerequisite to the taking of such property, that in addition to written instructions the plaintiff or his attorney of record deposit with the sheriff, constable or marshal, a sum of money sufficient to pay the expenses of taking and keeping safely said property for a period not to exceed 15 days. In the event that a further detention of said property is required, the sheriff, constable or marshal must, from time to time, make written demand upon the plaintiff or his attorney for further deposits to cover estimated expenses for periods not to exceed five days each. Such demand must be served as provided in Section 1011 of this code, or by depositing such notice in the post office in a sealed envelope, as first class registered mail, postage prepaid, addressed to the person on whom it is served at his last known office or place of residence. In the event that the money so demanded is not paid the sheriff, constable or marshal shall release the property to the person or persons from whom the same was taken. There shall be no liability upon the part of the sheriff, constable or marshal to take or hold personal property unless the provisions of this section shall have been fully complied

with. There shall be no liability upon the part of the sheriff, constable or marshal, either to the plaintiff or the defendant for loss by fire, theft, injury or damage of any kind to personal property capable of manual delivery while in the possession of the sheriff, constable or marshal either in a warehouse or in the custody of a keeper or enroute to or from a warehouse unless the sheriff, constable or marshal shall be negligent in his care or handling of the property.

6. Debts and credits and other personal property, not capable of manual delivery must be attached by leaving with the persons owing such debts, or having in his possession, or under his control, such credits and other personal property, or with his agent or in the case of a corporation, with the president of the corporation, vice president, secretary, assistant secretary, cashier, or managing agent thereof, a copy of the writ, and, if the demand as stated in the writ does not exceed three hundred dollars (\$300) exclusive of interest, attorney's fees and costs, a copy of the complaint in the action from which the writ issued, and, in every case, a notice that the debts owing by him to the defendant, or the credits and other personal property in his possession, or under his control, belonging to the defendant, are attached in pursuance of such writ; provided, however, that debts owing to the defendant by a banking corporation or association, building and loan association or title insurance company, maintaining branch offices, or credits or other personal property whether or not the same is capable of manual delivery, belonging to the defendant and in the possession of or under the control of such banking corporation or association, building and loan association or title insurance company, must be attached by leaving a copy of the writ and the notice with the manager or other officer of such banking corporation, or association, building and loan association or title insurance company at the office or branch thereof at which the account evidencing such indebtedness of the defendant is carried, or at which such banking corporation or association, building and loan association or title insurance company has credits or other personal property belonging to the defendant in its possession or under its control; and no attachment shall be effective as to any debt owing by such banking corporation or association, building and loan association or title insurance company if the account evidencing such indebtedness is carried at an office or branch thereof not so served, or as to any credits or other personal property in its possession or under its control at any office or branch thereof not so served.

7. If real property sought to be attached is registered under said land title law, an additional copy of the writ, together with a description of the Torrens title certificate, a description of the property and a notice that it is attached shall be filed with the registrar of titles of the county.

8. Checks, drafts, money orders and other orders for the withdrawal of money from a banking corporation or association, which are in the possession of and payable to the defendant or judgment debtor on demand, must be attached by taking the same into custody, and the sheriff, constable, or marshal, to whom the writ is directed and delivered, shall promptly thereafter endorse the same and present, or cause the same to be presented, for payment. The sheriff, constable, or marshal shall endorse such check, draft, money order or other order for the withdrawal of money by writing the name of the defendant or judgment debtor thereon and the name and official title of the officer making the levy with the statement that such endorsement is made pursuant to levy of writ of attachment or execution and giving the title of court and cause in which such writ was issued, and such endorsement shall be sufficient endorsement and no banking corporation or association on which said check, draft, money order or other order for the withdrawal of money is drawn shall incur any liability to any person, firm or corporation by reason of paying to such officer such check, draft, money order or other order for withdrawal of money by reason of such endorsement, nor shall the officer making the levy incur any liability by reason of his endorsing and presenting for and obtaining payment of such check, draft, money order or other order for the payment of money; provided, however, that the funds or credit resulting from the payment of such check, draft, money order or other order for withdrawal of money shall be held by said officer subject to the levy of said writ of attachment or execution. If it appear from the face of such check, draft, money order or other order for the withdrawal of money that the same has been tendered to the defendant or judgment debtor in satisfaction of a claim or demand and that endorsement thereof shall be considered a release and satisfaction by defendant or judgment debtor of such claim or demand, then, in such event, the officer making the levy shall not endorse said check, draft, money order or other order for the withdrawal of money unless the defendant or judgment debtor shall first endorse the same to the officer making the levy; provided, however, that if said defendant shall not endorse said check, draft, money order or other order for withdrawal of money to the officer making the levy, said officer may thereafter hold such check, draft, money order or other order for the withdrawal of money subject to such levy and shall incur no liability to the defendant or judgment debtor or to any other person, firm or corporation for delay in presentment of the same for payment."

SEC. 6.5. Section 19613.8 is added to said code, to read:

19613.8. In any county or school district in which local conditions demand or make desirable the furnishing of additional services or facilities, a school district or a county may provide, either jointly or severally, for such additional services or facilities of the child care centers established and maintained in such school district or county. Any additional services or facilities furnished pursuant to this section shall meet all of the requirements of this chapter. Any county desiring to provide such additional services or facilities may levy a tax to provide funds for such purpose. Pursuant to Chapter 10 of Division 3, the governing board of any school district desiring to provide such additional services or facilities may include in its budget the amount necessary therefor and the board of supervisors shall levy a school district tax necessary to raise such amount. The school district tax shall be in addition to any other school district tax authorized by law to be levied."

Amendment No. 5

On page 2, line 39, of said bill, as amended, after the period, insert "Not more than twenty cents (\$0.20) per hour per child in attendance at a child care center maintained by a school district or state institution pursuant to Chapter 11, Division 9 of the Education Code shall be apportioned to such school or state institution from this appropriation.

The department shall make apportionments to such school districts and state institutions from the money hereby appropriated on or before July 1, 1951, and on September 1, 1951, December 1, 1951, and March 1, 1952. The amount of any apportionment shall be based on estimates made by the department of the total number of

children in attendance at the child care centers maintained by the school district or state institution, and the total number of hours of such attendance, for the period commencing on the date such apportionment is made until the date for the next apportionment, or, in the case of the apportionment for March 1, 1952, until June 30, 1952. The amount of each apportionment for each school district or state institution maintaining child care centers shall be not more than twenty cents (\$0.20) per hour per child in attendance as estimated by the department. The apportionment, except the first apportionment, for any school district or state institution shall be reduced or increased by the amount which the preceding apportionment would have been reduced or increased had such preceding apportionment been based on actual rather than estimated attendance. If the amount of the apportionment made to a school district or state institution for March 1, 1952 exceeds the amount which would have been apportioned had such apportionment been based on actual rather than estimated attendance, the school district or state institution shall repay to the department the amount of such excess from any available funds of the district or institution and such amount is a charge against such funds. Such repayment shall be made on or before July 10, 1952 and the department may use such repayments to make payments to a school district and state institution in an amount not to exceed the amount by which the apportionment to such district or institution for March 1, 1952, was less than the amount which would have been apportioned to such district or institution had such apportionment been based on actual rather than estimated attendance. Such payments shall be made on or before July 20, 1952."

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 31, 1951

*To the Senate of the State of California
Sacramento, California*

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to

Senate Bill No. 370, entitled: "An act to amend Sections 1090, 1091, 1092, 36525, 36526, and 36527 of, and to add Section 1090.5 to, the Government Code, relating to contracts of public officers."

This bill, with my message relative thereto, I (through my legislative secretary) delivered to John F. Thompson, Member of the Senate, at 7.30 o'clock p.m. on the thirtieth day of May, 1951, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 30, 1951

*To the Honorable Members of the Senate
State of California
Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 370, entitled: "An act to amend Sections 1090, 1091, 1092, 36525, 36526, and 36527 of, and to add Section 1090.5 to, the Government Code, relating to contracts of public officers."

My objections to this bill are as follows:

It has long been declared public policy that public officers shall not contract with themselves for the sale or purchase of property by the governmental agency with which they are connected. On the basis of many years of experience in public life, I have come to believe that this is essential for honesty in government. This bill would change that policy and among other things would give to public officers the right to sell personal property of all kinds to the government unit with which they are affiliated, so long as the contract is let to the lowest bidder after advertising. The theory of the bill appears to be that the public would be protected by such bidding procedure.

I cannot agree with this conclusion. The contract is not complete when the bid is awarded. There is always the question of performance, both in quality and in time of delivery. It would be very difficult for a public official in such circumstances to be thoroughly objective in passing on questions relating to the quality of his product, or as to his responsibility to the public should there be a failure to deliver the property when called for by the contract.

It is axiomatic that no man can serve two masters. When private interests conflict with public duty the private interest will prevail in many instances. I do not doubt that there would be people who have sufficient strength of character to act fairly with the public under these conditions. However, human nature and common experience are such as to make necessary rules which will prevent people from being put to such a test.

The Superintendent of Public Instruction disapproves this bill, because it would permit members of governing boards of school districts to submit bids for furnishing supplies, equipment, materials or commodities to school districts, and enter into contracts for supplying such items if the invitation for bids was advertised as required by the section and the member of the board happened to be the lowest bidder. To that extent it would modify the present provisions of law found in the Education Code providing that no member of a governing board of a school district may be interested in any contract made by the board of which he is a member. Governing boards of school districts may specify a particular type or make of product which it seeks to purchase, and this bill would make it possible for a board to call for bids for a product which a member of the board had an exclusive franchise to sell in the territory.

I have consulted with various district attorneys and county counsels and have been advised by them that the bill would open the way to questionable practices.

I believe that the motives which prompted this bill were good and that it was sincerely believed that its enactment would make it possible to induce citizens of standing to enter public service which they often cannot do at the present time because they are not in a position to suffer the loss necessarily involved in their private business. I have no doubt that some such citizens would be made available for such service under the principle of this bill, but I believe that the price that the public would have to pay in other instances would be too high. The public policy represented in the present principle is based on centuries of experience. Our statutes prohibiting such contracts are of long standing and are based on a fundamental common law principle. The courts in many instances, in the absence of statute, have declared this principle to be supported by public policy growing out of the nature of government itself.

For these reasons I am returning this bill without my approval.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 370 ordered placed on unfinished business file.

This study is in the nature of a progress report on the work done by federal, state, territorial and private agencies and individuals to control the Oriental Fruit Fly (*Dacus dorsalis*) in the Hawaiian Islands and thus prevent its invasion of the mainland where it would, if established, do great damage to a large number of California fruits and vegetables, as well as those in other states.

The committee is pleased to note that a number of its recommendations, made as a result of the official visit to the islands last year of State Senator Fred Weybret and State Assemblyman George A. Clarke, have been adopted and been proven effective in the fight to control this serious insect pest.

CONSIDERATION OF DAILY FILE (RESUMED)

THIRD READING OF SENATE BILLS

Senate Resolution No. 161

Relative to the organization of the Department of Fish and Game

WHEREAS, The Senate Committee on Fish and Game created by Senate Resolution No. 108 of the 1947 Regular Session recommended that the Fish and Game Commission be established as a policy making body only, that a Chief Administrator of the Division of Fish and Game be created by statute and that the State be divided into five or seven regions and the administration of the fish and game laws be conducted on a regional basis; and

WHEREAS, The first two of these objectives have been accomplished with the approval by the Governor of Senate Bill No. 223 of the current session, which creates the Department of Fish and Game to be administered by a director in conformity with policies to be established by the Fish and Game Commission, and the way has been cleared for the accomplishment of the third objective; and

WHEREAS, The division of the State into geographical regions with each in charge of a regional administrator directly responsible to the director of the department and the handling of all administrative and enforcement matters relating to fish and game on a regional basis so far as practicable would serve to bring the administration of the fish and game laws closer to the people and would make for more efficient enforcement; and

WHEREAS, With the transition of the Division of Fish and Game into a Department of Fish and Game it will be timely that a thorough study of the organization of the department should be made as soon as possible; and

WHEREAS, The establishment of the department on a regional basis would involve a determination of how the State could most suitably be divided which is a matter within the scope of the functions of the administrative analysis staff of the Department of Finance; and

WHEREAS, The key to the successful functioning of the department on a regional basis would be the selection of properly qualified regional administrators and the drafting of the specifications for such positions is a matter within the scope of the functions of the State Personnel Board; and

WHEREAS, The Legislative Auditor and his staff should be able to supply information and advice as to the feasibility and economic soundness of a plan for reorganizing the department; and

WHEREAS, Whatever reorganization there is to be in the newly created Department of Fish and Game should be effected as soon as may be consistent with sound results; now, therefore, be it

Resolved by the Senate of the State of California, That the Director of the Department of Fish and Game is requested to make a study of and prepare a plan for the organization of the department on a regional basis and the Director of Finance, the State Personnel Board and the Legislative Auditor are requested to cooperate with him in connection with such study and plan; and be it further

Resolved, That the Director of the Department of Fish and Game is requested to report such plan to the Legislature at the commencement of its 1952 Regular Session if he finds it possible so to do; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the Director of Finance and to the members of the State Personnel Board and, when he is appointed, to the Director of the Department of Fish and Game.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 31, 1951*To the Honorable Members of the Senate
State of California
Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

Senate Bill No. 509, entitled "An act to add Section 18236 to the Education Code, relating to use of school buildings declaring the urgency thereof, to take effect immediately."

My objections to this bill are as follows:

It provides that, notwithstanding the known dangerous condition of a school building which has been abandoned because of such condition, it may be reopened for use for a period of five years. If the electors of the district so vote, the pupils may be readmitted to such a building and the trustees are relieved of all liability. This is a reversal of legislative policy for the safety of school buildings and the protection of the lives of school children as such policy has been expressed in the Field Bill of 1933.

I cannot believe that this change in policy can be justified. It puts a premium on indifference to the public welfare by encouraging the use of school buildings known to be dangerous, without regard to further deterioration that may develop in the additional period of five years.

In considering this bill it must be remembered that these pupils are not attending classes in these condemned buildings voluntarily. They are required by law to attend school. If they do not they can be apprehended as truants and their parents are subject to arrest and fine or imprisonment. When the attendance of these pupils in our public schools is required, we cannot justify forcing them to remain in unsafe buildings.

I have every sympathy with those districts that continue to have housing problems even after they have availed themselves of state assistance under our State School Building Aid program. It may be that the standards established under the Field Bill should be re-examined in the light of experience to see if some of them are too rigid. On the other hand, they should not be negated solely for expedience or even to meet a very real schoolhouse shortage.

Respectfully submitted,

EARL WARREN, Governor

Message read, and ordered printed in the Journal.

Senate Bill No. 509 ordered placed on unfinished business file.

SEC. 3. The Solano County Flood and Water Conservation District is hereby declared to be and is a body politic and corporate, and as such shall have, among others, the powers enumerated in this act and such other powers as the law may provide. The powers of the district shall, except as otherwise provided, be exercised by the board of directors thereof.

SEC. 3.1. The district shall have perpetual succession.

SEC. 3.2. The district shall have the power to adopt a seal and to alter it at its pleasure.

SEC. 3.3. The district shall have the power to sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts, commissions, boards and tribunals of competent jurisdiction.

SEC. 3.4. The district shall have the power of eminent domain to acquire within or outside the district by condemnation in the manner and to the extent prescribed in Article I, Section 14 of the Constitution and Title 7, Part 3 of the Code of Civil Procedure, as now existing or hereafter amended, all property or interests therein necessary or convenient for carrying out the powers and purposes of the district except that the district shall not have power to acquire by condemnation publicly owned property held or used for the development, storage or distribution of water for public use; and it is hereby declared that the use of the property which may be condemned, taken or appropriated under the provisions of this act, is a public use, subject to regulation and control of the State in the manner prescribed by law. The district in exercising such power shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal or relocation of any structure, railways, mains, pipes, conduits, wires, cable, poles, of any public utility which is required to be moved to a new location, and provided further that notwithstanding any other provision of this act or any other law, no property shall be taken unless it is taken upon a finding by a court of competent jurisdiction that the taking is for a more necessary public use than that to which it has already been appropriated.

The power of eminent domain vested in the district shall include the power to condemn in the name of the district either the fee simple or any lesser estate or interest in any property which the board of directors by resolution shall determine is necessary for carrying out the purposes of the district. Such resolution shall be prima facie evidence that the taking of such private property, to the extent stated in said resolution, is necessary for carrying out the purposes of the district.

SEC. 3.5. The district shall have the power to take absolutely or on condition, by grant, purchase, gift, devise, or lease, with or without the privilege of purchasing, or otherwise, real and personal property of any kind, or any interest in real or personal property, within or without the agency, necessary to the full exercise of its powers, and to hold, use, enjoy, and to lease or dispose of the same subject to the limitations set forth in Section 8.2.

SEC. 3.6. The district shall have the power to make contracts, employ labor and to do all acts necessary for the full exercise of its purposes and powers. The board of directors of the district may cause construction or other work to be performed or carried out by contracts or by the district under its own superintendents as herein after provided.

SEC. 4. The district shall have the power as limited in this act to do any and every lawful act necessary to be done, that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the district, including, without limiting the generality of the foregoing, irrigation, domestic, fire protection, municipal, commercial, industrial and all other beneficial uses.

SEC. 4.1. The district shall have the power: to control flood and storm waters within the district and the flood and storm waters of streams outside of the district, which flow into the district; to conserve such waters by storage in surface reservoirs, to divert and transport such waters for beneficial uses within the district; to release such waters from surface reservoirs to replenish and augment the supply of waters in natural underground reservoirs; and otherwise to reduce the waste of water and to protect life and property from floods within the district; provided, that the district may not construct or acquire any works or undertake any project for flood control purposes, except in conjunction with and as part of the construction or acquisition of works or the undertaking of projects for the purposes enumerated in Section 4 of this act.

SEC. 4.2. The district shall have the power within or outside the district to construct, purchase, lease or otherwise acquire works, and to purchase, lease, appropriate, or otherwise acquire surface waters and water rights, useful or necessary to make use of water for any purposes authorized by this act.

SEC. 4.3. Anything in this act to the contrary notwithstanding, the district shall have the power to appropriate water or acquire water rights only on behalf of lands not then included within the limits of any public corporation empowered to appropriate water, and the district shall promptly assign any such appropriation or

water right to any such public corporation formed to include such lands; provided that at any time after July 1, 1951, the district shall have the further power to appropriate water or to acquire water rights to whatever extent and for whatever purposes all member units having an interest therein or affected thereby shall have agreed to in writing.

SEC. 4.4. The district shall have the power to operate, repair, improve, maintain, renew, replace and extend all works and property of the district.

SEC. 4.5. The district shall have the power to make surveys and investigations for works and projects and of the water supply and resources of the district, and to carry on and perform technical and other investigations of all kinds, make measurements, collect data and make analyses, studies and inspections pertaining to water supply, water, water rights, control of flood and use of water both within and without the district, and for these purposes the district shall have the right of access through its authorized representatives to all properties within the district.

SEC. 4.6. The district shall have the power to construct its pipes, pipe lines, canals, flumes and tunnels and other conduits, along, under or across any public road, street, alley, avenue, highway or sidewalk, or across any stream of water, watercourse, railway, canal ditch or flume which the route of said pipes, pipe lines, canals, flumes, tunnels or other conduits may intersect or cross; provided, such works are constructed in such manner as to afford security for life and property; and the district shall restore at its own expense any such crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company, municipality or district whose right of way shall be intersected or crossed by said pipes, pipe lines, canals, flumes, tunnels or other conduits shall unite with the district in forming such intersections and crossings and grant the rights therefor.

SEC. 4.7. There is hereby granted to the district the right of way for the location, construction and maintenance of any and all of its works in, over and across public lands of the State of California, not otherwise disposed of or in use, not in any case exceeding in length or width that which is necessary for the construction of such works and adjuncts or for the protection thereof. Whenever any selection of a right of way for such works or adjuncts thereto is made by the district, the board of directors thereof must transmit to the State Lands Commission, the Controller of the State and the recorder of the county in which the selected lands are situated, a plat of the lands so selected, giving the extent thereof and the uses for which the same is claimed or desired, duly verified to be correct. If the State Lands Commission shall approve the selections so made, it shall endorse its approval upon the plat and issue to the district a permit to use such right of way and lands.

SEC. 4.8. If by any judgment in condemnation or by agreement the district shall be required to relocate any street, road, highway or railroad, subject or devoted to public use, the board shall have power to acquire in the name of the district by agreement or condemnation, all rights of way and other property necessary or proper for the compliance with said agreement or judgment and thereafter, and without further authorization, to make such conveyance of such relocated street, road, highway or railroad, as may be proper to comply with said agreement or judgment.

SEC. 5. The district shall have the power, but only as to member units, to sell, lease or otherwise dispose of water or any rights to the use of the works of the district for the conservation, control or transportation of water, and shall have the power to fix rates and charges for such purposes.

SEC. 5.1. The district shall have the power to enter into contracts with any member unit or with any district which thereby becomes a member unit of the district for any of the following purposes:

1. The lease, purchase, or other acquisition by the district of any of the works of such member unit or district.

2. The construction of works by the district for the conservation, regulation or transmission of water for the benefit of such member units; or for the furnishing or sale by the district or the United States to such member unit or by such member unit to the district of water or a water supply for any purpose; or for the assumption, by either the district or the member unit, as principal or guarantor or underwriter of indebtedness incurred on account of works or water furnished or sold to the agency or member unit.

3. The sale, lease or other disposition of water, water rights, and water storage facilities, or interests therein, by the district or by such member unit.

4. The operation of works and the delivery of water by the district or by such member unit; provided:

- (a) The works shall be operated in conformity with the vested rights and appropriations of each of its member units having an interest therein.

- (b) There shall be delivered to each member unit all water to which such member unit is entitled under the contract entered into by the district and such member unit.

- (c) There shall not be delivered to any member unit more water than the amount to which such member unit is entitled under the contract entered into by the district and such member unit; provided that the release of water from any reservoir in the amount required to satisfy any vested right shall not constitute a delivery of water; provided further that any quantity of water assigned under Section 5.6 or released

under Section 5.7 by one member unit to another member unit shall be delivered to the latter.

Sec. 5.2. The district shall have no power to sell, lease, or otherwise dispose of water or of any right to the use of the works of the district for the conservation, control or transportation of water, except to member units and except as all member units having rights to such water or interest in such works shall grant such power by written contract; the power so granted shall be limited to the extent and by the conditions set forth in the most restrictive of such contracts.

Sec. 5.3. Anything in this act to the contrary notwithstanding, the district shall have the power, in its discretion, to suspend delivery of water conserved by the district or obtained by or on behalf of the district or a member unit to any member unit during the period which said member unit is delinquent in its payments for or obligations due in respect of such water under any contract entered into by it with the district.

Sec. 5.4. The liability of each member unit, as distinguished from the liability of its taxpayers and property therein for taxes levied by the district for district purposes, shall be limited to that portion of the total cost for water or water supply or to that portion of the total cost of construction and the operation and maintenance cost of works acquired or constructed by or on behalf of the district or member unit which such member unit agrees to bear.

The liability of each member unit shall be set forth fully in a written contract which shall be legally approved by such member unit in accordance with the laws governing such member unit. No such contract shall be altered or modified without the consent of the district and the legal approval of such member unit.

Each such contract may provide among other things:

- (1) The total capital obligation which the member unit agrees to bear.
- (2) The minimum annual payments which the member unit shall make in amortization of its capital obligation.
- (3) The quantity or pro rata portion of water which shall be delivered to or held in storage for the member unit.
- (4) The basis of allocation of operation and maintenance costs to be borne by the member unit.

(5) The quantity or other measure of water supply or water agreed to be acquired by or furnished or sold to such member unit and the cost thereof to such member unit.

Such contract shall be fair and equitable to each contracting party, and no member unit shall receive any undue advantage over any other member unit having proper regard for all factors and conditions involved.

Such contracts shall be executed in accordance with the laws governing such districts.

Sec. 5.5. (a) In the event of any reduction in the principal of any debt of the district underwritten by one or more member units, other than by payment thereof, the amounts to be paid the district by each member unit in amortization of its remaining portion of such debt shall be reduced proportionately so that the relative obligations of each such unit shall be unchanged.

(b) In the event of any reduction in the rate of interest being paid on any part of a debt of the district for which one or more member units are responsible, the amounts to be paid the district by each such member unit shall be reduced proportionately so that the relative obligation of each such unit remains unchanged as respects its obligation to pay any remaining interest.

Sec. 5.6. Any member unit may reduce its obligations under its contract with the district by assignment to another member unit of any part of its right to receive water under its contract; provided, that such assignment is legally approved, in accordance with the laws governing such member unit, by each member unit which is a party to such assignment; provided further that the total of all payments to be made by such member units to the district shall not be reduced by virtue of such assignment; and provided further that the assignor member unit may be required by the district to guarantee the payments assumed by the assignee member unit.

Sec. 5.7. (a) Any member unit may elect that any water to which it is entitled be held in storage in the district's reservoirs so long as there is unfilled capacity in the reservoirs from which such water would otherwise be withdrawn for delivery to it; provided that if two or more member units desire simultaneously to store water as aforementioned and there is not sufficient capacity to accommodate such member units, the storage capacity shall be apportioned between them in accordance with the amount of capital cost of such reservoir they have respectively underwritten, or in accordance with the amount of water they have respectively contracted to purchase during the period of such storage.

(b) Any member unit may release for the use of any other member unit any amount of water which may then be held temporarily in storage for its account, and in such event the district shall deliver such water to such other member unit; but such delivery shall be deemed to be for the account of the member unit releasing such water.

Sec. 5.8. (a) If any capital asset of the district is sold or otherwise disposed of, the net proceeds therefrom shall be distributed to the member units, or applied to reduce any liability of such member units to the district as by contract may be provided, in proportion which the amount contributed by each such member unit to the cost of such capital asset is to the total cost of such capital asset.

(b) However, if any liability on the part of the district and/or its member units for the original cost or any subsequent improvement or refinancing of such capital asset is not completely extinguished at or before the time of the aforesaid sale or other disposal thereof, the district shall have the power to apply as much of the proceeds of such sale toward the extinguishment of such liability as may be necessary. In extinguishing such liability, the proceeds of such sale shall be applied only as the interests and liabilities of the district and its member units shall appear.

SEC. 6. The district shall have the power to cooperate and contract with the United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation or contract for the purposes of constructing works, whether for irrigation, drainage, or flood control, or for the acquisition, purchase, extension, operation or maintenance of such works, or for a water supply for any purposes, or for the assumption as principal or guarantor of indebtedness to the United States, or for carrying out any of the purposes of the district, and to carry out and perform the terms of any contract so made; and for said purposes the district shall have in addition to the powers specifically set forth in this act, all powers, rights and privileges possessed by irrigation districts as set out in Chapter 2 of Part 6 of Division 11 of the Water Code, not inconsistent with the provisions of this act.

SEC. 6.1. (a) Each contract providing for repayment of the cost of any works, or for the payment of any water or water supply, which is entered into with the United States pursuant to this act, shall be authorized at an election, unless by a resolution adopted by a four-fifths ($\frac{4}{5}$) vote of the members of the board of directors, said board shall determine that all liabilities of the district thereby incurred can be repaid and liquidated both as to principal and interest from revenue derived from taxes levied pursuant to Section 10.1 and from payments to be made to the district by member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of said cost underwritten by said member units or providing for the payment currently of whatever amounts may be necessary to pay the portion of the cost of any water or water supply to be furnished or sold to such member units. Upon the adoption of such resolution the board of directors shall have the power on behalf of the district, without the necessity of an election, to enter into such a repayment contract or into such a contract for the purchase of water or a water supply with the United States, subject to all provisions of this act applicable to such contracts, except provisions requiring an election to authorize such contracts.

(b) Except as otherwise in this act provided, proceedings at the election shall be had insofar as applicable in the manner provided in the case of the issuance of district bonds, provided that all qualified voters of the district shall be entitled to vote in such an election.

Notice of the election shall contain, in addition to the information required in the case of bond elections, a statement of the maximum amount of money to be payable to the United States for construction purposes and cost of water supply and acquisition of property, exclusive of penalties and interest, and a general statement of the property, if any, to be conveyed by the district pursuant to the contract.

The ballots at the election shall contain a brief statement of the general purpose of the contract substantially as stated in the notice of election and the extent of the obligation to be assumed with the words "Contract—Yes" and "Contract—No" or "Contract and bonds—Yes" and "Contract and bonds—No", whichever may be applicable. A favorable majority of two thirds ($\frac{2}{3}$) of the votes cast at such election shall be necessary to authorize the execution of the contract and, or issuance of the bonds.

SEC. 6.2. (1) All payments to the United States under any contract between the district and the United States, including payments of interest and principal on bonds deposited with or transferred to the United States, shall be paid so far as possible from revenue other than that derived from district taxes, unless otherwise provided by the contract or this act, and the balance, if any, of such payments shall be paid from revenue derived from annual taxes upon all taxable property within the district assessable for district purposes under the laws of the State, and the taxable property shall be and remain liable to be assessed and levied upon for the payments.

(2) Public land of the United States within the district shall be subject to assessment and tax for all purposes of contracts with the United States to the extent provided for by the Act of Congress approved August 11, 1916 entitled "An act to promote reclamation of arid lands," or any other law which may hereafter be enacted by Congress in the same relation, upon full compliance therewith by the district.

(3) All money collected in pursuance of the contract with the United States shall be paid into the county treasury to the credit of the district and held in a fund to be known as the "United States Contract Fund" to be used for payments due to the United States under the contract.

SEC. 6.3. The district shall have the power to cooperate, act in conjunction and contract with the United States, State of California, municipalities, and public districts of any kind, in the purchase and sale of water, in the acquisition of water or a water supply, in the construction of any works for the controlling of flood or storm waters in the district, or for the protection of property, watersheds, watercourses, highways and life, or for the purpose of conserving and transporting said waters for beneficial

use, and for the use, operation, management and ownership of such works. The district also may make and perform any agreement with the United States, the State, any county, municipality, district of any kind, public corporation, any person or any number of them for the joint acquisition, disposition, or operation of any property or works or water or water supply of a kind which might be acquired, disposed of, or operated by the district.

Any county water district, water conservation district, municipality, flood control district, and any other district or political subdivision of the State empowered by law to appropriate water and deliver water to users shall have the power: (a) to cooperate, act in conjunction and enter into contracts with the district for all the purposes for which the district is empowered to cooperate, act in conjunction and contract with such districts, municipalities, and political subdivisions; (b) and to carry out the terms of such contracts.

SEC. 7. The board of supervisors of the county shall be, and they are hereby designated as, and empowered to act as, ex officio the board of directors of the Solano County Flood Control and Water Conservation District, and said board of directors is hereby authorized to adopt reasonable rules and regulations to facilitate the exercise of its powers and duties herein set forth. Each member of the board of supervisors shall serve without additional compensation for acting as a member of said board of directors, except such member shall be allowed his actual, necessary and reasonable traveling expenses. The directors shall elect a chairman, who shall preside at all meetings of the board and in case of his absence or inability to act, the members present must, by an order entered in their records, select one of their number to act as chairman temporarily. Any member of the board may administer oaths, when necessary in the performance of his official duties. A majority of the members of the board shall constitute a quorum for the transaction of business, and no act of the board shall be valid or binding unless a majority of all members concur therein.

SEC. 7.1. No director of the district shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board of directors, or in the profits to be derived therefrom; and for any violation of this provision, such person shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding five hundred dollars (\$500), or by imprisonment in the county jail of the County of Solano for not exceeding six months, or by both such fine and imprisonment, and such conviction shall by operation of law work a forfeiture of his office; provided that this section shall not be construed to apply to any contract made with a corporation for its general benefit where such a director is a minority stockholder therein.

SEC. 7.2. The county clerk, county assessor, county tax collector, county auditor, county treasurer, surveyor and county council of the county, their assistants, deputies, clerks and employees, shall be ex officio such officers, assistants, deputies, clerks and employees respectively of the Solano County Flood Control and Water Conservation District, and shall respectively perform, unless otherwise provided by said board of directors, without additional compensation the same various duties for the district as for the county in order to carry out the provisions of this act.

In the event any of the aforementioned county offices is consolidated, enlarged, abolished or changed, the duties thereof shall be performed for the district by the holder of the office to which such duties have been transferred as a result of such consolidation, enlargement, abolishment or change, and such latter officer, his deputies, clerks, employees and assistants, shall be respectively ex officio such officer, deputies, clerks, employees and assistants of the district.

In addition to the officers and employees herein otherwise prescribed, the board of directors may in their discretion appoint such other officers, attorneys, agents and employees (including county officers, agents and employees) for said board or district as in their judgment may be deemed necessary, prescribe their duties and fix their compensation, said officers, attorneys, agents and employees to hold their respective offices or positions during the pleasure of said board; provided, no county officer, agent or employee shall receive additional compensation for acting as a district officer, agent or employee except his actual and necessary traveling expenses.

SEC. 8. All ordinances, resolutions, and other legislative acts for said district shall be adopted by the board of directors, and certified to, recorded and published, in the same manner, except as herein otherwise expressly provided, as are ordinances, resolutions or other legislative acts for the county.

The initiative and referendum powers are hereby granted to the electors of the district to be exercised in relation to the enactment or rejection of district ordinances in accordance with the procedure established by the laws of this State for the exercise of such powers in relation to counties.

SEC. 8.1. Claims against the district shall be prepared, presented, audited and allowed or disallowed in the same manner and within the periods of time specified in the laws of the State of California, now or hereinafter enacted, for the preparing, presenting, auditing, and allowance or disallowance of claims against counties.

SEC. 8.2. The legal title to all property acquired under the provisions of this act shall immediately and by operation of law vest in the district, and shall be held by the district, in trust for, and is hereby dedicated and set apart to, the uses and

purposes set forth in this act. The board of directors is hereby authorized and empowered to hold, use, acquire, manage, occupy and possess said property, as herein provided; and said board of directors may determine, by resolution duly passed and entered in their minutes that any property, real or personal, held by the district is no longer necessary to be retained for the uses and purposes thereof, and may thereafter sell or otherwise dispose of said property, or lease the same, in the manner provided by law for the disposition and sale of property of counties; provided that the title to real property, water rights or water works, shall not be conveyed or alienated except by a vote of the electors of an election held for that purpose.

SEC. 8.3. All contracts for the construction of any unit of work, except as hereinafter provided, estimated to cost in excess of two thousand five hundred dollars (\$2,500) shall be let to the lowest responsible bidder in the manner hereinafter provided. The board of directors of the district shall advertise by three (3) insertions in a daily newspaper of general circulation or two (2) insertions in a weekly newspaper of general circulation published in the district inviting sealed proposals for the construction of the work before any contract shall be made therefor, and may let by contract separately any part of said work. The board shall require the successful bidder to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of the claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 of Division 5 of Title 1 of the Government Code and to be subject to the provisions of this chapter. The board shall also have the right to reject any and all bids, in which case the board may advertise for new bids. In the event no proposals are received pursuant to advertisement therefor, or where the estimated cost of such work does not exceed the sum of two thousand five hundred dollars (\$2,500) or the work consists of emergency work necessary in order to protect life and property, the board of directors by unanimous vote of all members present may without advertising for bids therefor have said work done by force account. The district shall have the power to purchase in the open market without advertisement for bids thereof, materials and supplies for use in any work therewith either under contract or by force account.

The provisions of this section shall have no application to a contract entered into with the United States under the authority of this act, or to a contract authorized by a vote of the electorate of the district.

SEC. 9. The district shall not incur any indebtedness or liability in any manner or for any purposes exceeding in any year the income and revenue provided for such year, and any indebtedness or liability incurred in violation of this section shall be absolutely void and unenforceable; provided that this section shall have no application to debts or liabilities incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments, the execution of contracts with the United States nor to the incurring of any indebtedness or liability authorized by a vote of the electors of the district at an election held for such purpose.

SEC. 9.1. The aggregate of district indebtedness incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments and the execution of contracts, shall not exceed a sum equal to: (1) That amount which can be repaid and liquidated as to both principal and interest in not to exceed forty (40) years by an annual tax at the rate of fifteen cents (\$0.15) on each one hundred dollars (\$100) of the assessed valuation of all property in the district taxable for district purposes, measured by the assessment roll last equalized prior to the incurring of such indebtedness; plus (2) the amount of all capital obligations underwritten by member units of the district; plus (3) the amounts agreed to be paid by member units to the district or to the United States for water or a water supply.

SEC. 10. The district shall have the power as provided in this act to cause taxes to be levied for the purpose of paying any obligation of the district and to accomplish the purposes of the district and of this act.

SEC. 10.1. If from any cause, the revenues of the district shall be, or in the judgment of the board of directors are likely to be, inadequate to pay the expenses, costs, liabilities and indebtedness of the district, the board of directors of the district shall have the power in any year to levy an ad valorem tax upon all taxable property in the district to pay the costs and expenses of said district and to carry out any of the objects, purposes or powers of this act; provided, however, that the aggregate taxes or assessments levied under this act for any one fiscal year shall not exceed fifteen cents (\$0.15) on each one hundred dollars (\$100) of the assessed valuation of the taxable property in the district exclusive of any tax levied to meet the bonded indebtedness of the district and the interest thereon duly authorized by a vote of the electors of the district, and exclusive of any special assessment levied to meet any indebtedness or contractual liability duly authorized by vote of the electors of the district, and exclusive of any tax levied for the payment of any portion of any indebtedness represented by capital obligations underwritten by member units or represented by the amounts agreed to be paid by member units for any water or water supply to be furnished or sold such member units.

Said taxes shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenue derived from said taxes shall be paid into

the county treasury to the credit of the district, and the board of directors shall have the power to control and order the expenditure thereof for said purposes.

SEC. 10.2. The district shall have the power to expend any or all of its funds as contributions in aid of: (a) The construction or payment of the cost of works; (b) the purchase or obtaining of water or a water supply; (c) or the payment of any liability assumed as principal, guarantor or underwriter on any indebtedness in connection with such construction, payment, purchase or obtaining; if such works are constructed or said water or water supply is obtained for or on behalf of the district or its member units.

Unless by a resolution adopted by a vote of four-fifths (4/5) of the members of the board of directors, said board determines that facts exist which make a different allocation preferable in the best interests of the district, such contributions in aid of construction or of the payment of works or any liability assumed in connection therewith shall be in proportion to and for the same purposes as payments made in the same year by each member unit in amortization of a portion of the cost of such works, and such contributions in aid of the purchase or obtaining of water or a water supply or any liability assumed in connection therewith shall be in proportion to and for the same purposes as payments made in the same year by each member unit.

SEC. 10.3. Notwithstanding any other provision of this act, if in the judgment of the board the cost and expense of a supply of water to any member unit is greater than the ability of such member unit to pay and the board finds that a supply of water to such member unit will be of general benefit to the district, the board may by a four-fifths (4/5) vote of its members direct the district to contribute from whatever funds may be available financial assistance to the extent that the board determines the district as a whole will be benefited. For the foregoing purpose, the board may contract with the member unit or with the United States, the State of California or any public agency supplying water or contracting to supply water to such member unit, to make said contribution and assistance annually for such period of time as the board may determine, not to exceed forty (40) years.

In addition to any other revenues that may be available the board may levy annually an ad valorem tax, as in this act provided, on all taxable property in the district for the purpose of raising sufficient moneys to pay such contribution of financial assistance.

SEC. 10.4. The district shall have the power to levy a special ad valorem tax on all the taxable property in any member unit whenever any such member unit is delinquent in any payment due the district by such member unit under any contract entered into by them. Such tax shall be levied only at a rate sufficient to raise an amount equal to the amount delinquent. Such tax shall be levied and collected at the same time and in the same manner as general district taxes, and shall be paid into the county treasury to the account of the district and shall be used only to reduce the liability of such delinquent member unit.

No property in any portion of the district, other than that in the delinquent member unit, shall be liable for or taxed to pay for such delinquency.

SEC. 10.5. The provisions of law of this State, prescribing the priority, time and manner of levying, assessing, equalizing and collecting county property taxes, including the sale of property for delinquency, and the redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable, and not in conflict with the specific provisions of this act, hereby adopted for the district and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 11. The district shall have the power as provided in this act to borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; also to refund or retire any indebtedness or lien that may exist against the district or property thereof.

SEC. 11.1. Whenever the board of directors shall determine that a bonded indebtedness should be incurred to pay all or any part of the cost of acquisition or construction of any works for any of the purposes of the district, the said board may by resolution determine and declare the respective amounts of bonds in order to raise the amount of money necessary for such work and the denomination and rate of interest of said bonds, and said resolution shall generally describe said work. Said board shall cause a copy of said resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Solano County within five (5) days after its passage. From and after said filing the said board shall be deemed vested with the authority to proceed with said bond election.

(2) Thereafter, the board of directors may call a special election at which shall be submitted to the qualified electors of the district the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated.

(3) Said board of directors shall call such special election by ordinance and not otherwise and submit to the qualified electors of the district the proposition of incurring a bonded indebtedness in the district in the amount and for the purposes stated in said resolution and shall recite therein the object and purposes for which the indebtedness is proposed to be incurred; provided that it shall be sufficient to give a brief, general

description of such objects and purposes, and refer to the resolution adopted by the board of directors, and on file for particulars; and said ordinances shall also state the estimated cost of the proposed work, the amount of principal of the indebtedness, to be incurred therefor and the rate of interest thereon, and what part of such indebtedness shall be paid each and every year, which shall not be less than one-fortieth ($\frac{1}{40}$) of the whole amount of such principal indebtedness, and the proportion or part of such indebtedness to be underwritten by each member unit, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed six percent (6%) per annum. For the purposes of said election, the board of directors shall in said ordinance establish election precincts within the boundaries of the district and may form election precincts by consolidating the precincts established for general election precincts in the district.

In all particulars not recited in said ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the State.

(4) Said board of directors shall cause a plan or plans to be prepared covering a general description of the work to be done, which said plan shall show the location of the proposed works and shall cause the said plan to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

(5) Said ordinance calling for such election shall prior to the date set for such election, be published in a newspaper of general circulation published in the district for three consecutive times if published in a daily newspaper of general circulation published in the district, or two times if published in a weekly newspaper of general circulation published in the district the last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places in the district for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds. If at such election two-thirds ($\frac{2}{3}$) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of the district for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 11.2. Whenever bonds have been authorized by the district and the proceeds of the sale thereof have been expended as in this act authorized, and the board of directors shall by resolution determine that additional bonds shall be issued for carrying out any of the purposes of this act, said board of directors may again proceed as in this act provided, and issue bonds pursuant to Section 11.4, or if said section is not applicable, submit to the qualified voters of the district the question of issuing additional bonds in the same manner and with like procedure as in this act provided, and all the provisions of this act for the issuing and sale of such bonds, and for the expenditure of the proceeds thereof, shall be deemed to apply to such issue of additional bonds.

SEC. 11.3. (a) The board of directors may by resolution submit to the electors of the district, a proposition for the issuance of new bonds for the purpose of refunding any or all of the bonds outstanding voted by such electors, which proposition may be voted on at any general or special election. The procedure upon such election shall be in accordance, so far as applicable, with the procedure upon an original issue of bonds, and the favorable vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the issuance of refunding bonds. Such refunding bonds shall not bear a higher rate of interest than the bonds to be refunded and may be issued and sold in the manner and form prescribed for an original issue of bonds and may, if the holders of bonds of an original issue and board of directors so agree, be exchanged for such original bonds, provided that the face value of the refunding bonds so exchanged shall not exceed the face value of the original bonds. The board of directors may raise money to pay principal and interest of such refunding bonds in the same manner as prescribed for the payment of bonds of an original issue.

(b) When original bonds are issued by the board of directors without a vote of the electors, the board of directors may issue refunding bonds without calling an election for that purpose. The provisions of subsection (a) hereof (except in regard to elections) shall apply to such refunding bonds issued by the board of directors.

SEC. 11.4. In the event the board of directors shall determine by a resolution duly adopted by a four-fifths ($\frac{4}{5}$) vote of the members of said board that a bonded indebtedness to pay the cost of acquisition or construction of any works for any of the purposes of the district or for refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues derived from taxes levied pursuant to this act and from payments required to be made to the district by member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of said cost underwritten by said member units, said board shall be vested with the authority to issue bonds of the district in such amount as can be so repaid and liquidated. Thereafter the board of directors may issue bonds without the necessity of an election, subject to all applicable provisions of this act pertaining to bonds and bonded indebtedness, except provisions requiring authorization of bonded indebtedness by an election.

SEC. 11.4a. The board of directors shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The bonds shall be issued in such denomination as the said board of directors may determine, except that no bonds shall be of a less denomination than one hundred dollars (\$100), nor of a greater denomination than one thousand dollars (\$1,000), and said bonds shall be signed by the chairman of the board of directors, and countersigned by the auditor of the county, and the seal of the district shall be affixed thereto. The interest coupons of said bonds shall be numbered consecutively and signed by the auditor of the county by his engraved or lithographed signature. In case of any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 11.5. Any bonds, original or refunding, issued by the district, may be made callable by resolution of the board of directors, adopted at a time prior to the issuing of such bonds and providing for the calling and redemption of such bonds, in numerical order, or by lot, on any interest payment date prior to their fixed maturity, at not exceeding the par value thereof and accrued interest. If any such bonds are so made callable, a statement to that effect shall be set forth on the face of the bond. Notice of any such redemption shall be published once a week for three successive weeks in a newspaper of general circulation printed and published within the district. The first publication of such notice shall not be less than 30 nor more than 90 days prior to the date fixed for such redemption. After the date fixed for such redemption, if the district shall have provided funds available for payment of the principal and interest of the bonds so called, interest on such bonds shall thereafter cease.

SEC. 11.6. The board of directors may issue and sell the bonds of such district authorized as hereinbefore provided at not less than ninety-five percent (95%) par value, and the proceeds of the sale of such bonds shall be placed in the treasury of the county to the credit of the district for the uses and purposes of said bonds; and the proper record of such transactions shall be placed upon the books of the county treasurer, and said funds shall be applied exclusively to the purposes and objects for which such bonds were issued, subject to the provisions in this act contained. Payments from said funds shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the county.

Said bonds shall be sold at a public sale to the highest bidder, after notice of such sale has been given by publication at least two times in a newspaper of general circulation published in the district at least one time prior to such sale and after such other notice as the board of directors may deem proper.

The manner of making, submitting and opening bids and conducting such sale and the terms thereof shall be determined by the board of directors. The said board is hereby given the right to reject any and all bids which in the judgment of said board are too low to be in the best interests of the agency.

SEC. 11.7. Any bonds issued under the provisions of this act and the interest on such bonds if no other funds are available shall be paid by revenue derived from the tax authorized by Section 11.9 and all the taxable property within the district shall be and remain liable to be taxed for such payments as in this act provided until such bonds and the interest are fully paid or the liability therefor legally discharged.

The accrued liability due on the bonds of any issue shall have preference in payment over the accrued liability due on the bonds of any subsequent issue.

SEC. 11.8. The repeal or amendment of this act, or the dissolution of the district created by this act, shall not in any way effect or release any of the property in the district from its liability on or from the obligations of any outstanding bonds or indebtedness or contracts for which such property is in any way security until all such bonds and outstanding indebtedness and contracts have been fully paid and discharged.

SEC. 11.9. The board of directors shall levy a tax or assessment each year upon all the taxable property in the district sufficient to pay such portion of the interest for that year upon bonds issued by the district, and such portion of the principal thereof as is to become due before the time for making the next general tax levied as cannot be paid from revenue due the district from member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of the cost underwritten by said member units of works financed by said bonds. Such tax shall be levied and collected together with and not separately from taxes for county purposes, when collected shall be paid into the county treasury of the county to the credit of the district, and be used for the payment of the principal and interest on said bonds, and for no other purposes. The principal and interest on said bonds shall be paid by the treasurer of the county in the manner provided by law for the payment of principal and interest on bonds of said county.

SEC. 11.10. The district may bring at any time after the authorization of bonds or the levy of any special assessment or after the execution of any contract an action

in the Superior Court of the State of California, in and for the County of Solano, to determine the validity of the bonds or of the levy or of the contract. The action is in rem. Jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in a newspaper of general circulation published in the district and designated by the court in which the proceedings are pending. Jurisdiction is complete 10 days after the completion of the publication of summons. Before the expiration of the 30 days after jurisdiction is acquired any person interested may appear and contest the validity of the bonds or assessment or the contract. If no proceedings have been brought by the district pursuant to this section, any member unit, municipality district or public agency or taxpayer may at any time within 30 days after the levy of any assessment or authorization of any bonds or execution of such contract bring an action in the said superior court to determine the validity of the assessment or bonds or contract. The district shall be a defendant. If more than one action is pending at the same time concerning similar contests provided for in this section, they shall be consolidated and tried together. The rules of pleading and practice not inconsistent with the provisions of this section are applicable to all actions or proceedings provided for by this section. In a contest provided for by this section, the court shall disregard any irregularity or omission which does not affect the substantial rights of the parties. The judgment shall declare the bonds or levy or contract either valid or invalid. The costs of any hearing or contest may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. Any party may appear at any time within 30 days after the entry of the judgment. No contest of any thing or matter herein provided shall be made other than in the time and manner in this section provided. In any such action all findings of fact or conclusions of the board upon all matters shall be conclusive unless the action was instituted within six months after the finding or conclusion was made.

SEC. 11.11. Any works for which bonds or contracts or special assessments are authorized under the provisions of this act shall be made in conformity with the report, plans and specifications theretofore adopted, as above specified, unless the doing of any such work described in said report shall be prohibited by law, or any incidental part of such work be rendered contrary to the best interests of the district by some change of conditions in relation thereto, in which event the board of directors by a four-fifths (4/5) vote may order necessary incidental changes made in such proposed work or improvements and may cause any plans and specifications to be made and adopted therefor. In no event shall changes be made from such original plans, reports and specifications which would have any material effect on the purpose for which such works were intended or which would materially affect any obligations of or benefits to any member unit.

SEC. 11.12. The bonds of the district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, for the state school funds, and whenever any money or funds may by law now or hereafter enacted be invested in bonds of cities, cities and counties, counties, school districts and municipalities in the State of California, such money or funds may be invested in said bonds of the district, issued in accordance with the provisions of this act, and whenever bonds of cities, cities and counties, counties, school district or municipalities, may by law now or hereafter enacted be used as security for the performance of any act, such bonds of the district may be so used.

SEC. 11.13. All bonds issued by the district under the provisions of this act shall be free and exempt from all taxation within the State of California. It is hereby declared that the Solano County Flood Control and Water Conservation is a district, including a reclamation and irrigation district, within the meaning of Section 14 of Article XIII and Section 13 of Article XI of the Constitution of the State of California.

SEC. 11.14. Should a proposition for issuing bonds submitted to any election under this act fail to receive the requisite number of votes of the qualified electors voting at such election to incur the indebtedness for the purpose specified, the board of directors of the district shall not for six months after such election call or order another election in the district for incurring indebtedness and issuing bonds under the terms of this act, either for the same objects and purposes, or for any of the objects and purposes of this act.

SEC. 12. The district shall have the power as provided in this act to levy special assessments for the purpose of paying any obligation of the district or to accomplish any of the purposes of the district.

SEC. 12.1. Whenever the board of directors shall determine by resolution that facts exist which make a special assessment preferable in the best interests of the district to incurring a bonded indebtedness for paying all or any part of the cost of any work or for carrying out any contracts for any purpose of the district, the board of directors may levy special assessments as hereinafter provided. The facts making such a special assessment preferable to a bonded indebtedness shall be stated in the resolution. Such special assessments shall be payable in equal annual installments over a period of not to exceed forty (40) years, and shall be levied only after being duly authorized by a two-thirds ($\frac{2}{3}$) majority of the votes cast by the qualified electors of the district voting at an election held for that purpose.

Except as in this section otherwise provided, the procedure and requirements of this act for notices and elections for issuances of district bonds shall apply with like effect to special assessments levied hereunder. If such special assessments are to be levied in annual installments, the ballot shall specify the number of such installments.

The funds raised by said special assessments shall be placed in the treasury of the county to the credit of the district and said funds shall be applied exclusively to the purposes and objects mentioned in the ordinance calling such special assessment election. Payments from said fund shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the county.

The provisions of this act relative to taxes for the payments of bonds and the liability of property for the payment of such taxes shall apply with like effect to payment of special assessments levied hereunder, and to the liability of property for the payment of such special assessments.

Sec. 12.2. The board may cause the entire district to be divided into zones if, in its opinion, such division is necessary because of varying benefits to the property within the district and may fix the percentages of the sums to be raised under the provisions of this act from each of such zones for the payment of the principal and interest of the bonds of the district or the indebtedness of the district.

The district may be divided into as many zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district, which in the opinion of the board will be benefited in substantially the same manner. Each zone shall be designated on a map or plat of the district filed in the office of the board and such designation shall show the separate boundaries of each zone and the statement of the percentages to be raised from each zone. Upon the filing of such map the board shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for three successive weeks, which notice shall designate the time and place of hearing by the board, at which time and place any person interested in the district may appear and object to the inclusion of his lands within the zones into which the district is divided, or to the percentage to be raised from each of said zones. All such objections shall be in writing, verified by the person or persons making the objection, and filed with the board on or before the date fixed for such hearing. Upon such hearing, the board may change or modify any of the zones or the percentages to be raised therefrom and shall distribute proportionately the percentage to be raised in each zone in accordance with the benefits received therefrom. Such hearing may be continued from time to time by the board by an order entered on its minutes. At the conclusion of the hearing the board shall make a final determination as to the extent and boundaries of the zones and the percentages to be raised therefrom.

The location and extent of the zones within the district and the percentages to be raised therefrom shall be finally established and determined by the board and shall prevail for all purposes until any bonds to be issued by the district shall have been fully paid and discharged. Findings and determination of the board as to the extent and boundaries of the zones and the percentages to be raised therefrom shall be final and conclusive subject to ratification by the electors as herein provided.

Sec. 12.3. Notwithstanding any other provision in this act the governing body of any member unit at any time after the location and extent of zones in said district and the percentages to be raised therefrom in each of such zones for the purpose of assessment have been finally fixed and determined by the board, but before the calling of any bond election, may with the consent of the board, enter into a contract with the district to pay to the district for the benefit of the bond fund thereof, if a bond issue be authorized and bonds be issued, an amount which shall be equal to the total amount assessed against all zones situated entirely within the member unit. Thereupon said charges against said zone or zones shall be canceled to the extent of said amount so agreed to be paid and thereafter the electors residing within such zone or zones shall not be entitled to vote at such election. Such contract shall contain such other or additional provisions as the board shall deem necessary or advisable in order to protect the interests of the district and to substitute the contract in lieu and instead of the assessments by said member unit or units.

Sec. 13. The rights of way, ditches, flumes, pipe lines and other conduits, drains, water, water rights, reservoirs, dams, franchises, works and all other property used for the purposes of the district and belonging to it shall not be taxed nor assessed for state, county, municipal or any district purposes.

Sec. 14. The establishment of the district or anything of this act contained shall not affect, restrict nor supersede the existence, property, right or power of any municipality, public district or public agency now or hereafter established in or partially within the limits of the district for the purpose or purposes in whole or part of flood control or for the purpose or purposes in whole or part of reclamation, conservation, storage, distribution, sale, use or development of water. The Legislature because of conditions special to the county hereby expressly declares its interest to permit within the limits of the Solano County Flood Control and Water Conservation District the existence of more than one district and/or municipality having similar powers over similar territory in regard to flood control, reclamation, water conservation, storage, distribution, sale, use and development.

SEC. 15. The formation of the district or the enactment of this act shall not impair the vested right of any person, association, corporation, municipality or public district in or to water or the use thereof.

SEC. 16. The district in order to determine the legality of its existence, in addition to any remedy it may have for that purpose, may institute a proceeding therefor in the Superior Court of the State of California in and for the County of Solano, by filing a complaint setting forth the name of the district, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal district formed under this act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four (4) successive weeks in some newspaper of general circulation published in said district. Within 30 days after the last publication of said summons shall have been completed, any property owner or resident or registered voter in said district, or any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the district and shall be filed in such proceeding. If an answer be filed, the court shall proceed as in other civil cases. Such proceeding is hereby declared to be a proceeding in rem and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from said judgment in the same manner as in other civil cases. The procedure provided by this section shall be cumulative and not exclusive.

SEC. 16.5. The district may be dissolved in the manner provided for the dissolution of districts by Chapter 2 of Division 4 of the District Organization Act, and the district shall be considered a district within the meaning of all the provisions of such chapter.

SEC. 17. The Legislature hereby finds that water problems in the county require county-wide water conservation, development of water resources and flood control; that these problems are not general or state-wide; that the county for many years has had made investigations and engineering surveys of the county's water resources by private, public and United States engineers; that county water districts, municipalities, and water conservation districts now exist within portions of the county, have acquired property and works, developed a limited water supply, and have incurred indebtedness, but have been and are unable alone to economically develop an adequate water supply; that to adequately and feasibly conserve the water supply and control the floods of said county, it is necessary to have a political entity co-extensive with the geographical limits of the entire county; that there is a great scarcity of water within the county for municipal irrigation, military and other uses and there is an urgent need that an adequate supply of water be obtained. Investigation has shown conditions in said county to be peculiar to it and it is hereby declared that general law cannot be applicable to said county and that the enactment of this special law is necessary for the conservation, development, control and use of said water for the public good and for the protection of life and property therein.

SEC. 18. In case any section or sections, or part of any section, of this act, shall be found to be unconstitutional or invalid, for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.

SEC. 19. This act may be designated and referred to as "The Solano County Flood Control and Water Conservation District Act" and any reference thereto by such designation shall be sufficient for all purposes."

SEC. 2. Section 9909 of the Government Code is amended to read:

9909. It shall be the duty and responsibility of the respective houses of the Legislature, and they are each vested with the power, through appropriately established committees thereof as they shall determine:

4. In making any investigation or in holding any hearing, to take and hear evidence, administer oaths, and compel by subpoena the attendance of witnesses and the production of books, papers, and documents.

5. To require any person who attends upon any legislative session for any considerable period of time and communicates with Members of the Legislature but who fails to register, or any person, who if registered, regularly fails to appear at committee meetings at which legislation affecting his employer is considered, to appear before either house of the Legislature or an authorized committee thereof and explain his purpose in attending upon the legislative session and advise them of the interests for whom he acts and the methods he employs in promoting, advocating, opposing or influencing the passage or defeat of legislation.

6. To recommend from time to time such amendments to this chapter, or such other proposals as in their opinion would be conducive to the proper conduct of legislative business without infringing upon the right of all persons to present to the Legislature their views through agents or agencies of their own choosing.

The hour of 2 p.m. having arrived, Senate Bill No. 65 was taken up.

Senate Bill No. 65—An act to amend Sections 19601, 19601.5, 19613.1, 19613.5 and 19613.7 of, to add Sections 19601.1, 19601.2, and 19613.8 to and to repeal Sections 19613.5, and 19614.5 of, the Education Code, relating to the support of child care centers, making an appropriation therefor and declaring the urgency thereof, to take effect immediately.

Bill read third time.

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Senate Bill No. 65:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 28, 1951

*To the Honorable Members of the Senate
State of California*
GENTLEMEN:

Senate Bill No. 65, "An act to amend Sections 19601, 19601.5, 19613.1 of, to add Section 19601.1 to, and to repeal Sections 19613.7, 19613.5, and 19614.5 of, the Education Code, relating to the support of child care centers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides for the continuance of child care centers and makes an appropriation to assist in their operation. It is important that those charged with the responsibility of maintaining these centers should know at the earliest possible moment whether such centers are to be continued in order that they may make the necessary plans for their operation.

I therefore recommend consideration of Senate Bill No. 65 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

Motion to Postpone Consideration

Senator O'Gara moved that further consideration of Senate Bill No. 65 be continued until we have the Assembly Bill introduced by Mr. Geddes which also deals with child care centers, so that they may be considered at the same time.

Motion to Amend

Senator O'Gara moved to amend his motion that consideration of Senate Bill No. 65 and the Geddes Bill be postponed until June 12, 1951.

Motion to Lay on Table

Whenever provision is made for the transfer of money to the Capital Outlay and Savings Fund, all or part of such transfer may be made by the transfer of bonds or other securities held by the State Treasurer at their market price, plus accrued interest computed at the date of the transfer.

Except as provided in Sections 3.3 and 3.4 of this act, any appropriation payable from the Postwar Employment Reserve and any appropriation which is subject to Section 3 of Chapter 145, Statutes of 1946, First Extraordinary Session, shall continue to be available for expenditure for the purpose for which appropriated until June 30, 1954 for determination by the State Public Works Board as to projects to be undertaken, and any amount heretofore or hereafter allotted for any project so determined to be undertaken shall remain available for expenditure without regard to fiscal years; provided that the unencumbered balance in any such appropriation or allotment shall revert to the unappropriated balance of the Capital Outlay and Savings Fund either three years after the date on which the determination by the State Public Works Board was made, or June 30, 1954, whichever is the later.

The increment by way of interest or otherwise from such investments shall accrue to the Capital Outlay and Savings Fund in augmentation thereof.

Sec. 3.2. Notwithstanding any other provision of law, all sums of money which were heretofore appropriated to The Regents of the University of California and are subject to the provisions of Section 3 of Chapter 145, Statutes of 1946, First Extraordinary Session, and which have been heretofore withdrawn from the State Treasury

by The Regents of the University of California pursuant to the provisions of Section 20041 of the Education Code are hereby reappropriated for the purposes for which originally appropriated or allocated, provided that any portion of each such sum which remains after the purpose for which such sum was appropriated or allocated has been accomplished shall be used and expended by The Regents of the University of California in executing and furthering the building and improvement program of the University of California, provided that no such sums shall be allocated to projects not previously authorized by legislative appropriation or allocation by the State Public Works Board. The sums of money hereby appropriated shall be available for expenditure in payment of any encumbrances incurred heretofore or hereafter without regard to fiscal years; provided, however, that any unencumbered balances existing as of June 30, 1954, shall revert to the Capital Outlay and Savings Fund.
